Vascular Dementia 2019

THERE IS COLOSSAL MYSTERY WAITING TO BE UNLOCKED

&

Vascular Dementia 2019 WILL CHANGE IT TO GET A DYNAMIC INTRIGUING

ASPECT OF THE BRAIN IN ACTION

&

BETTER UNDERSTAND

HOW WE THINK

HOW WE LEARN

HOW WE REMEMBER

AND THAT ACQUAINTANCE COULD BE - WILL BE - A CHANGEOVER"

Invitation

Dear Collegues,

Conference Series llc LTD is delighted to welcome you to Amsterdam,Netherlands for the Prestigious 11th International Conference on Vascular Dementia.

The conference will focus on "Decoding Dementia". We are confident that you will enjoy the scientific program of this upcoming conference.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Vascular Dementia & Neurology Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Amsterdam, Netherland.

Sincerely,

Vascular Dementia Conference 2019

Organizing Committee

About us

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be

Published in Respective Supported Journals

Each Accepted abstracts will be provided with A digital Object Identifier by Crossref

How our Conferences differs from others ?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Holy grail of Vascular Dementia2019

Accelerate the development and application of new technologies to produce dynamic pictures of the brain that show how individual brain cells and complex neural circuits interact at the speed of thought.

Promoting technologies will open new doors to explore how the brain encodes, stores, and retrieves vast quantities of information, and shed light on the complex links between brain function and behavior.

Emerging insights about the human brain have implications for all aspects of human endeavor. This subject matter can capture the imagination of academic thinkers and the general public as well.

Conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.

Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Neurology and Neurophysiology that is present abundantly and to scrutinize its incredible findings from all over the world

Conference Heilights

Dementia

Vascular Dementia

Lewy body Dementia

Amyloid Imaging in Dementia

Alzheimers Disease

Neurodegenerative Diseases

Brain Diseases

Ageing and Dementia

Dementia Care Management

Dementia Nursing

Treating Dementia

Neuropharmacology

Novel Therapeutics

Animal Models in Dementia

Goals

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration Goals of the conference is to provide a transformative professional development experience through bringing together the world's scientific experts to catalyze and advance scientific knowledge about Neurology and Neurophysiology Present the most recent research findings, and promote and enhance scientific collaborations around the world.

Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to the world and overcome barriers that limit access to cure Objectives. After participating in this meeting, attendees should be able to discuss emerging issues in Neurology and Neurophysiology Discuss and apply recent research findings related to Neurology and Neurophysiology Reflect on the place of critical distance in Neurology and Neurophysiology.

Who should attend ?

Neurologists, Neurosurgeons, Neurophysiologists, Psychiatrists, Pharmacists, Research Scientists, Neurology Organizations & societies, Pharmaceutical companies, Neuro and CNS drug Industries, Neuroscience associations & foundations, Professors and Students.

Supporting Journals

Journal of Alzheimers Disease & Parkinsonism
Journal of Neurological Disorders
Brain Disorders & Therapy

About Amsterdam

Amsterdam is the Netherlands' capital it has a population of about 851,373 within the city proper, and 1,351,587 in the urban area and 2,410,960 in the Amsterdam metropolitan area. As per the period of 2010–2012, annually 34,681 patients visited the ED due to the TBI, comprising about 4% of the total injury-related ED visits per year in Netherlands. The overall incidence rate of ED visits due to TBI was 213.6 per 100,000 person years, 241.9 for males, 175.3 for females. Incidence rates were highest in children 268.2, young adults 271.6 and older patients 75–84 years 307.6 or 85 and older 578.2. The estimated total costs of TBI in Netherlands was about €314.6 million per year.

There are two universities in Amsterdam and over 200 primary schools in Amsterdam. The biggest high school in Amsterdam is the Montessori Lyceum Amsterdam. Many schools, are based on religion. with the influx of Muslim immigrants there is a rise in Islamic schools number. Jewish schools can be found in southern suburbs of the Amsterdam.

The 17th-century canals of Amsterdam and the 19–20th century Defence Line of Amsterdam are on the UNESCO World Heritage List. As the commercial capital of the Netherlands and one of the top financial centres in Europe, The city is also the cultural capital of the Netherlands. Amsterdam was ranked the second best city in which to live by the Economist Intelligence Unit and 12th globally on quality of living for environment and infrastructure by Mercer. Amsterdam's main attractions, including its historic canals, the Rijksmuseum, the Van Gogh Museum, Stedelijk Museum, Hermitage Amsterdam, Anne Frank House, Amsterdam Museum, its red-light district, and its many cannabis coffee shops draw more than 5 million international visitors annually
