INVITATION

Dear Attendees,

We are glad to announce the **2nd World Conference on Vascular Dementia & Movement Disorders** to be held in **Singapore** on **August 26-27, 2020** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Vascular Dementia 2020** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Heart Disease and Failure. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 2nd World Conference on Vascular Dementia & Movement Disorders amid August 26-27, 2020 at Singapore. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Vascular Dementia 2020

Organizing Committee

Vascular Dementia 2020

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

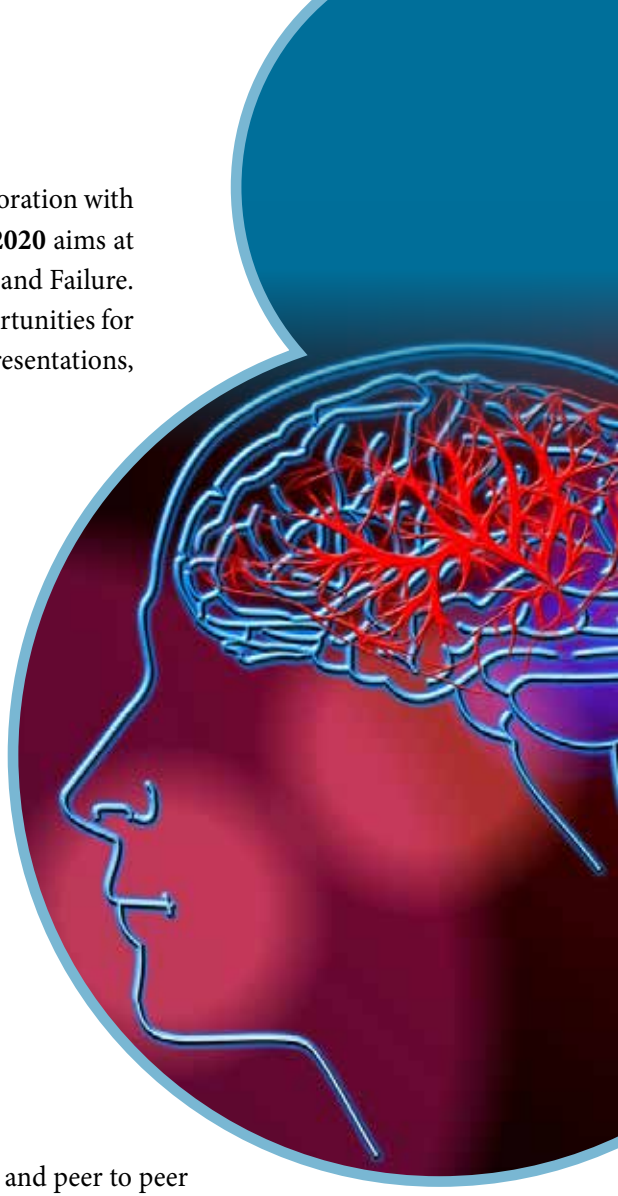

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

We are glad to announce the **6th World Heart Congress** to be held in **Singapore** on **August 26-27, 2020** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Vascular Dementia 2020** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Heart Disease and Failure. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Vascular Dementia 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Cardiology , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in cardiovascular diseases
- Discuss and apply recent research findings related to Cardiology and heart diseases.
- Reflect on the place of critical distance in Cardiology Research.

Who should attend?

- Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, healthcare professionals and the people Associated, Nobel laureates in Cardiology, cardiologists, surgeons, Perfusionists.

Conference Sessions

- Childhood Trauma and Dementia
- Medical Biotechnology and Alzheimer's disease
- Molecular Genetics and Biology of Dementia
- Neuroimaging Biomarker
- Neurovascular Dysfunction and Neurodegeneration
- Causes and Prevention of Dementia
- Front temporal Dementia
- Advance Drug for Dementia
- Traumatic Brain Injury
- Alzheimer's disease and Type 2 Diabetes
- Alzheimer's pathophysiology
- Geriatrics care practice and awareness neuroscience
- Clinical Trials and Drug Development
- Dementia
- Vascular Dementia and Stroke
- Alzheimer Disease and Cellular Mechanisms
- Dementia stages
- Dementia with Lewy Bodies (DLB)
- Neurodegenerative Diseases
- Brain Diseases
- Parkinson Disease Dementia
- Neuropharmacology
- Neuro Oncology and CNS
- Vascular Cognitive Impairment
- Dementia Care and Consulting
- Dementia Nursing
- Therapeutic Targets
- Neurology and Neurosurgery

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT SINGAPORE

Singapore, officially the Republic of Singapore, is a sovereign city-state and island country in Southeast Asia. It lies off the southern tip of the Malay Peninsula and is 137 kilometres (85 mi) north of the equator. The country's territory consists of the lozengeshaped main island, commonly referred to as Singapore Island in English and Pulau Ujong in Malay, and more than 60 significantly smaller islets. Singapore is separated from Peninsular Malaysia by the Straits of Johor to the north and from Indonesia's Riau Islands by the Singapore Strait to the south. The country is highly urbanized, and little of the original vegetation remains. The country's territory has consistently expanded through land reclamation.

Singapore's progress over the past three decades has been remarkable, yet the Island has not been overwhelmed by development. Visitors will discover a wealth of historical treasures from the past, in the beauty of older buildings, values and traditions that have survived in the face of profound social and geographical change.
