Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

About Las Vegas, Nevada, USA.

Las Vegas is a city found in Nevada, The United States Of America. It is located 36.17 latitude and -115.14 longitude and it is situated at elevation 613 meters above sea level.Las Vegas has a population of 583,756 making it the biggest city in Nevada. It operates on the PDT time zone.Las Vegas Valley became an essential stop along the western trail to California after its abundant fresh water springs were discovered in 1829. Today this American vacation mecca beckons to singles, couples and families with "all you can eat" buffets, dozens of world class hotels and casinos and incomparable entertainment venues.Gambling has always flourished in this desert city, in fact many things are legal and accepted in Las Vegas, Nevadathat are off limits in the rest of the United States!The largest city in Nevada, Las Vegas lies in the desert, surrounded by baron hills. The huge resort hotels lining the famous "Strip," with their sparkling lights, fountains, and and recreated glamorous sites from cities around the world, offer a fun and exciting retreat from the desert landscape. Las Vegas is a great place to visit year-round; its cooler winter temperatures are pleasant for sightseeing, and in summer, when the temperature can rise above 104 degrees Fahrenheit, the hotel pools become an important part of the daytime activities.
