

11TH VIROLOGY AND INFECTIOUS DISEASES CONGRESS

JULY 27-28, 2018 | VANCOUVER, CANADA

virology-infection.conferenceseries.com

Invitation

Vancouver
Canada
July 27-28, 2018

Dear Attendees,

We are glad to announce the **11th Virology and Infectious Diseases Congress** to be held in Vancouver, Canada from July 27-28, 2018 organized by Conference Series LLC, Canada in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all Virologists, Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Clinical and Medical virology, Viral Infections, Pediatric Virology, Veterinary Virology, communicable & Non-communicable Diseases, Viral Pathogenesis, Immunology of Infections, Viro Therapy, Urinary Tract Infections, Antivirals, Diagnostic procedure, therapies and treatment and will be available to discuss with you the latest issues and trends in Overcoming Milestones towards Virology & Infectious diseases "An Insight on Advances in Virology and Infectious Diseases".

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Agriculture Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Vancouver, Canada

Sincerely,
Virology Congress 2018
Organizing Committee

About Conference

Vancouver
Canada
July 27-28, 2018

Virology Congress 2018 Conference website is attracting 25000+ Virologists, Immunologists online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 70+ countries Annually
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Virology Congress 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Vancouver
Canada
July 27-28, 2018

Purpose

11th Virology and Infectious Diseases Congress is an arena for interdisciplinary exchange among professionals in the fields of Virology & Infectious Diseases.

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through bringing together the world's scientific experts to catalyze and advance scientific knowledge about Virology and Infectious Diseases present the most recent research findings, and promote and enhance scientificcollaborations around the world

Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Virology & Infectious Diseases
- Discuss and apply recent research findings related to Virology & Infectious Diseases
- Reflect on the place of critical distance in Virology & Infectious Diseases

About Conference

Vancouver
Canada
July 27-28, 2018

Who should attend

11th Virology and Infectious Diseases Congress is exclusively designed for Virologists, Immunologists, Researchers, Academicians, Practitioners, Early Career Scholars, students along with Industries and others engaged in endeavors related to Virology & Infectious Diseases research and business.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in Canada, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by crossref

Sessions

Vancouver
Canada
July 27-28, 2018

Major sessions

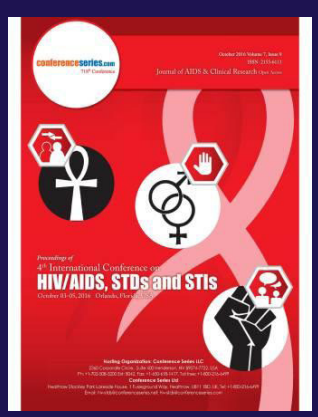

- Virus Evolution
- Epidemiology
- Viral particles
- Molecular biology
- Paleoviruses
- Viral infections
- Viral Replication
- Human papillomavirus
- Monoclonal antibodies
- Viral plaques
- Oncolytic viruses
- Plant and Agricultural Virology
- Hepatitis C viruses
- Neurotropic viruses
- Anti-virulence
- Virology Research
- Cell-mediated immunity
- Viral Life cycle
- Viral Pathogenesis
- Virotherapy
- Microbial pathogenesis
- Recent Advances in Drug Discovery
- Immunology of Infections
- Global Trends in Emerging Infectious Diseases
- Dermatological Infectious Diseases
- Respiratory Infectious Diseases
- Pediatric Infectious Diseases
- Urinary tract infections
- Vector-borne Diseases
- STD & HIV Infection
- Non communicable Infectious Diseases
- Diagnosis of infectious diseases
- Antivirals/Antimicrobials/Antifungals
- Live, Attenuated, Inactivated, DNA vaccines

Speakers Testimonials

Vancouver
Canada
July 27-28, 2018

I wanted to thank you for the welcome and the interest of this conference. You had the kindness to get back a degree, if you could send me a picture of this small moment thank you in advance"

Dominique Letourneau,
Créteil University School of Medicine, France

There are a lot information we can get during the conference including building a network with other researches and Everything went very well. Thanks for everything"

Asuncion Alvarez-delRio
National Autonomous University of Mexico, Mexico

It was a very useful conference, well organized, not too large, many of my colleagues were there and Good quality of lectures"

Rose Constantino
University of Pittsburgh, USA

Well composed program and space for discussions, thanks for inviting me, hope to see you next year"

Rita C. Ramos
University of the Philippines Open University, Philippines

Very interesting conference which contain several scientific topics and new research and I had a good time in San Francisco very much, I hope I'll join the next conference also, thank you"

Akiko HARA
Osaka Medical College, Japan

Thanks for inviting me and for being so excellent host. I appreciate the comments and questions from the audience.

Prof Jose Russo,
MD, FACP, Fox Chase Cancer Center, USA

I thoroughly enjoyed the conference and the many nice participants that I met at the meeting that were

in attendance. I hope to meet again in the next conference in 2017

Sharon Elizabeth Metcalfe
Western Carolina University, USA

It was a wonderful experience to attend

Speakers Testimonials

Vancouver
Canada
July 27-28, 2018

Family Nursing conference. Thank you for the opportunity. If you and your Organization need me for any future meetings, I will try my best to participate.

Shahid Sheikh
The Ohio State University USA

thank you so much for the recent Vancouver conference. I had an enjoyable time and made so many new friends. Thanks you too for the opportunity to be poster judge - good experience!

Soo Hoo Soon Yeng
University of Technology Sydney, Australia

I would like to compliment you on the well-organized conference.

Amanda Jacobs
University of Free State, South Africa

I aced the job today. My power point presentation went over very well. Got a few requests from the distinguished guests from several other countries for a copy of it.

Reezena H Malaska
Chamberiain College of Nursing, USA

I greatly appreciate your assistance for this conference and it was quite enjoyable

Lori Persico
Northwell Health-Hofstra University, USA

I enjoyed the conference, thank you.

Tendai Nzirawa
Queens University Hospital, UK

we had a very good time at the conference and met many international people – Great networking opportunities – Thank you

Sofi Dhanaraj
Queen Elizabeth Hospital Birmingham, UK

Thank you for this email and for a good conference

Eliezer Bose
University of Texas at Austin, USA

It was a lovely conference, thank you.

Linda Vila
Long Island University, USA

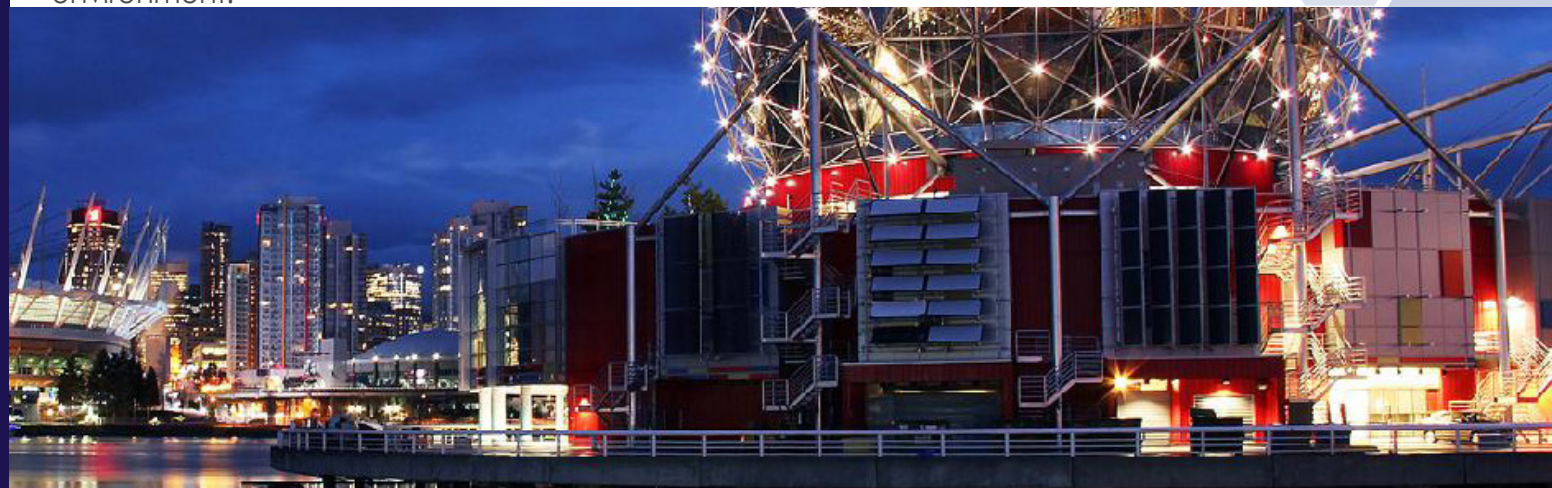

About San Francisco

Vancouver
Canada
July 27-28, 2018

Vancouver is a coastal city and major seaport on the mainland of south-western British Columbia, Canada. The city of Vancouver is also classified as Beta global city. It is also named among top 5 worldwide cities for livability and quality of life. Metro Vancouver has a population of over 2 million people making it the third largest metropolitan area in Canada. Vancouver, a bustling west coast seaport in British Columbia, is among Canada's densest, most ethnically diverse cities.

Cypress Mountain hosted the Freestyle Skiing and Snowboarding events of the 2010 Winter Olympics, including SkiCross as a demonstration sport, and the first running of Snowboard cross as a Medal sport. Downtown Vancouver is the south-eastern portion of the peninsula in the north-central part of the City of Vancouver. Vancouver was founded in 1886, and is named after British naval captain George Vancouver. Vancouver has a mix of people from different cultures. Stanley Park is one of the world's largest (1,000 acres) and most beautiful urban green spaces. Vancouver is one of Canada's warmest cities in the winter. Vancouver has been ranked one of the most liveable cities in the world for more than a decade. Vancouver has been ranked as having the 4th highest quality of living of any city on Earth.

Vancouver is home to the largest Chinatown in Canada, which got its start in the late 19th century with a large influx of Chinese immigrants. The 450 ft (137m) long, 230 ft (70m) high Capilano Suspension Bridge has thrilled visitors since 1889. VanDusen Botanical Garden is a 55-acre oasis in the heart of Vancouver with over 7,500 plant species and varieties from around the world. Bloedel Conservatory is a domed lush paradise located in Queen Elizabeth Park atop the City of Vancouver's highest point. More than 120 free-flying exotic birds, 500 exotic plants and flowers thrive within its temperature-controlled environment.
