11th International Virology and Infectious Diseases Congress

July 27-28, 2018 Vancouver, Canada

Program @ Glance

Day 1 - July 27, 2018

Opening Ceremony
Honorable Guests Speech
Keynote Forum
Panel Discussion
Group Photo
Coffee Break
Workshops/Special sessions
Speaker Forum
Track 1: Viral Replication
Track 2: Human papillomavirus
Track 3: Monoclonal antibodies
Track 4: Viral plaques
Track 5: Oncolytic viruses
Track 6: Microbial pathogenesis
Lunch Break
Speaker Forum (Cont...)
Track 7: Virus Evolution
Track 8: Recent Advances in Drug Discovery
Track 9: Epidemiology
Track 10: Immunology of Infections
Track 11: Viral Particles
Track 12: Pediatric Infectious Diseases
Track 13: Molecular biology
Track 14: Urinary tract infections
Track 15: Paleoviruses
Track 16: Viral infections
Panel Discussion
*Young Researcher Forum
Awards Ceremony

Day 2 - July 28, 2018

Keynote Forum
Panel Discussion
Coffee Break
Speaker Forum
Track 17: Cell-mediated immunity
Track18: Viral Life cycle
Track 19: Viral Pathogenesis
Track 20: Virotherapy
Track 21: Hepatitis C viruses
Lunch Break
Speaker Forum (Cont...)
Track 22: Plant and Agricultural Virology
Track 23: Neurotropic viruses
Track 24: Anti-virulence
Track 25: Virology Research
Panel Discussion
*Young Researcher Forum
Poster Session & Coffee Break
Best Poster Evaluation
Awards Ceremony
Closing Ceremony

Featured Speaker Presentations

Title: Interface between bioinformatics and virology
Manja Marz, European Virus Bioinformatics Center , Germany
Title: Iron responsive-like elements in the parasite Entamoeba histolytica
Claudia León-Sicairos, Universidad Autónoma de Sinaloa, México
Title: Drug use Evaluation of Ciprofloxacin in the Outpatient Department of Dessie Referral Hospital (DRH), North East Ethiopia
Oumer Sada, Addis Ababa University, Ethiopia
Title: Development of hepatitis B virus large surface protein pre-S2 mutant ELISA assay for predicting hepatoma risk in chronic carriers
Huang Wenya, National Cheng Kung University School of Medicine, Taiwan
Title: Assessment of intestinal parasites and educational aspects as cofactors for transmission of HIV and progression to AIDS in Eastern Cape, South Africa
DominicAbaver, Walter Sisulu University, South Africa
Speaker Slots
(Speech Opportunity Available)
Title: Human Herpesvirus Type 8 in Patients with Chronic Hepatitis
Cheng-Chuan Su, Tzu Chi University , Taiwan
Title: Hepatitis c virus testing and treatment among persons receiving buprenorphine in an office -based program for opioid use disorders in Nigeria
Adeyemi Aabati, Lagos University Teaching Hospital, Nigeria
Title: Direct evidence of viral infection and mitochondrial alterations in the brain of fetuses at high risk for schizophrenia
Segundo Mesa Castillo, Psychiatric Hospital of Havana, Cuba
Title: Analysis of Antimicrobial Resistance And Risk Factors of Hospital Acquired Methicillin-Resistant Staphylococcus Aureus Infection
Luo Yanping.
Title: Introducing to virology and its characteristics
Eric Kwame Firi, Cyprus International University Hapolat Lefkosa, Cyprus
Title: Medicare Telehealth Service and Nephrology: Policies for Eligibility and Payment
Fatemeh Malekdar, Iran

English Bay

Queen Elizabeth park

Science World

Stanley Park

Vancouver Aquarium

VanDusen Botanical Garden

Major Scientific Sessions

- Virus Evolution
- Epidemiology
- Viral Particles
- Molecular biology
- Paleoviruses
- Viral infections
- Viral Replication
- Human papillomavirus
- Monoclonal antibodies
- Viral plaques
- Oncolytic viruses
- Hepatitis C viruses
- Plant and Agricultural Virology
- Neurotropic viruses
- Anti-virulence
- Virology Research
- Cell-mediated immunity
- Viral Pathogenesis
- Virotherapy
- Microbial pathogenesis
- Recent Advances in Drug Discovery
- Immunology of Infections
- Global Trends in Emerging Infectious Diseases
- Dermatological Infectious Diseases
- Respiratory Infectious Diseases
- Pediatric Infectious Diseases
- Urinary tract infections
- Vector-borne Diseases
- STD & HIV Infection
- Non communicable Infectious Diseases
- Diagnosis of infectious diseases
- Antivirals/Antimicrobials/Antifungals
- Live, Attenuated, Inactivated, DNA

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

Conference Venue
Vancouver, Canada

Vancouver, a bustling west coast seaport in British Columbia, is among Canada's densest, most ethnically diverse cities. A popular filming location, it's surrounded by mountains, and also has thriving art, theater and music scenes. Vancouver Art Gallery is known for its works by regional artists, while the Museum of Anthropology houses preeminent First Nations collections. Vancouver has a moderate, oceanic climate. Protected by the mountains and warmed by the Pacific ocean currents, Vancouver is one of the warmest cities in Canada. Vancouver is consistently rated as one of the top cities in the world to live. The combination of economic opportunity and the beautiful, natural environment draws people from around the world. These newcomers - like you - contribute to Vancouver's diversity and live ability. Vancouver is made up of a number of smaller neighborhoods and communities. Neighbourhood boundaries provide a way to break up the city's large geographical area for delivering services and resources and identify the the distinct culture and character of different areas of our diverse population.
