About the conference

Conference Series LLC Ltd summons all the participants from all over the world to attend the 6th World Congress on Virology and Diseases Control during November 20-21, 2023 in London, UK which includes keynote presentations, Oral talks, Poster presentations, and Exhibitions.

The conference tracks such as General Virology, Coronavirus (COVID-19), Molecular and Cellular Virology, Animal Virology, Viral Immunology, and Viral Vaccines, are set to cover various perceptions of research involved with Viral Diseases and their control measures. This would help to accommodate every possible researcher working on Viruses to help build a vivid picture of this. We will have speakers, poster sessions, and workshops designed to represent the talks from experts and students..

Theme: "Future Challenges to Eradicate Viral Infections for healthy life".

Why to attend the conference

VIROLOGY DISEASES-2023 is an international platform for presenting research about diagnosis, prevention and management and exchanging ideas about it and thus, contributes to the dissemination of knowledge in Virology for the benefit of both the academia and business.

The organizing committee of this Virology and Diseases Control Conference is gearing up for an exciting and informative conference program including plenary lectures, symposia, workshops.
