Venue & Accommodation

Vienna,Austria

Vienna, Austria

Vienna, Austria's capital, lies in the country's east on the Danube River. Its artistic and intellectual legacy was shaped by residents including Mozart, Beethoven and Sigmund Freud. The city is also known for its Imperial palaces, including Schönbrunn, the Habsburgs' summer residence. In the Museums Quartier district, historic and contemporary buildings display works by Egon Schiele, Gustav Klimt and other artists. Vienna has been called the "City of Music" due to its musical legacy, as many famous classical musicians such as Beethoven and Mozart called Vienna. Vienna is also said to be the "City of Dreams" because it was home to the world's first psychoanalyst, Sigmund Freud. There's a very good reason why Schönbrunn Palace is Vienna's most popular tourist spot. It's magnificent, and a tour through the interior is a tour through some pretty impressive European history.
