It gives me great pleasure to extend greetings and a warm welcome to everyone attending Conference Series' 18th World Analytical Chemistry & Mass Spectrometry conference, "Analytical World For Tomorrow-A New Era of Research Through Novel Analytical Techniques."

Today's conference presents a wonderful opportunity to network with your colleagues and discuss matters of mutual interest in a setting designed for professional development and growth.

As Canada's largest city and the fourth largest in North America, Toronto is a global centre for business, finance, arts and culture and is dedicated to being a model of sustainable development. I welcome everyone to our city and encourage you to enjoy Toronto and learn about our vibrant neighbourhoods.
