Dear Colleagues!!

On behalf of **Conference Series LLC Ltd**, we would like to take an immense pleasure and honour to welcome you towards upcoming **18th World Analytical Chemistry & Mass Spectrometry** in **Toronto, Canada**. The purpose of this 2 day conference is to bring together high profiled researchers, scholars, eminent personalities and students from both academic and industrial fields throughout the world under single roof. This will explore the link between chemistry and analytical techniques that is contributing to the success of new discoveries in pharmaceutical field.

Theme: Analytical world for tomorrow: A new era of research through Novel Analytical techniques

As we know, in this present world day to day latest innovations and discoveries are going on. Based on such issues we came forward to correlate our conference subject with reference to Mass spectrometry, Drug Delivery and Designing, Biomedical Sciences, Cancer Studies, Hyphenated Chromatographic Techniques, Neuro-degenerative Diseases and Pharmacology.

Accordingly, we would be delighted if you would share with us your views on new innovations in research and development and science education issues. You are happy to participate in Keynote Sessions, Workshops & Symposiums, Oral talks and Poster presentations. **18th World Analytical Chemistry & Mass Spectrometry** also holds several types of sponsorships in proving greater benefits to the members participating from pharmaceutical sectors, lab centers and other market dealers.

Our international conference also provides a great support to the business entrepreneurs to promote their products or organization promotion in our conference hall @ Toronto by exhibiting booths.

Finally, we will be highly obliged to see you in Toronto @ WACC 2018. Thank You!!

With Regards

GLIMPSES OF PAST ANALYTICAL CHEMISTRY & MASS SPECTROMETRY CONFERENCES

- **100+** Key Note Speakers
- **3200+** Speakers
- **25+** Workshops
- **40+** Symposiums
- **150+** Special Sessions
- **900+** Pre Conference Workshop across the Globe
- **1000+** Posters Presentations
- **20+** Best Poster Awardees
- **300+** Young Researchers Forum Presentation
- **30+** Student Ambassadors
- **120+** Exhibitors & Sponsors
- **90+** Association & Societies Collaborations
- **750+** Media Partners

LAST YEAR'S CONFERENCE AT A GLANCE

WE ARE GLOBAL

120+ Countries Annual Participation

WE ARE EDUCATION-PACKED

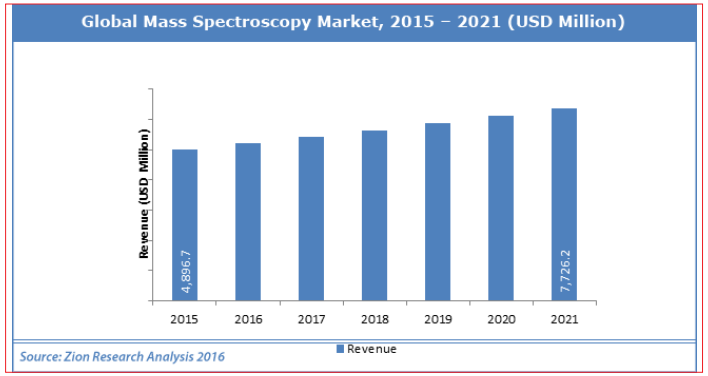

INTERNATIONALLY-RENOWNED SPEAKERS

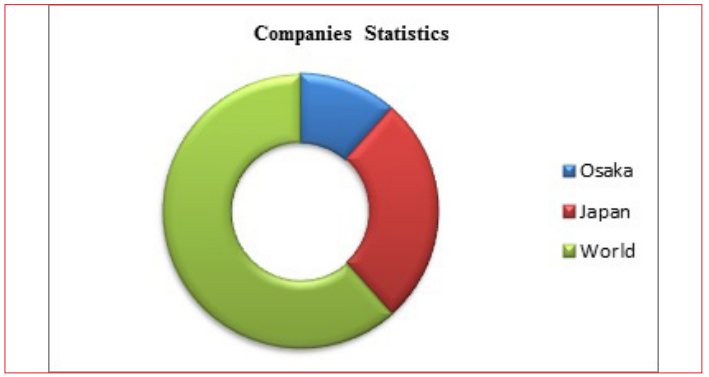

23.5 HOURS OF PRESENTATIONS
(E.G., KEYNOTES, WORKSHOPS)
50 RESEARCH POSTERS

About Hosting Organization

Conference Series LLC Ltd is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref.

Why Toronto, Canada?

Toronto, Canada was founded in the year 1720 and incorporated in the year 1834 and is located near northwestern shore of Lake Ontario, which is climatically moderate to cool. It is multiethnic metropolis which is North America's one of the most major cities. Throughout, it has retained an invincible degree of liability, safe streets and a clean environment, efficient subway system amid restored Victorian houses. Eminent leaders of Toronto have worked successfully to protect the city's heritages and its residents' quality of life from the effects of unrestrained development, even as Toronto has continued to grow into a major financial, cultural and health care centre Health care.

Why to Attend?

To discuss and relate the issues and achievements in the field of Chemistry Conference Series LLC Ltd Conferences has taken the initiative to gather the world class experts both from academic and industry background in a common platform at its Chemistry conferences. At our conference venue, there will also be oral/poster presentations by professors/ Asst.professors/research scholars and key notes presentations by key note speakers. Presentations will be peer-reviewed and awarded, also work will be published in respective supporting journals. It will be a knowledge exchange from various eminent speakers and research scholars. It will address to the current scenario of analytical research which will help a research person continue his further research and achieve future endeavors.

Who should Attend?

Heads, Directors, Group Leaders, Professors, Lecturers, Research Associates, Scientists, Investigators, Fellows, Readers from Pharmaceutical, Bio-pharmaceutical and Research Institutes working in,.

- Chemistry
- Mass Spectrometry
- Analytical Techniques
- Chromatography
- NMR Technology
- Tomography
- Resonance
- Green Analytical Chemistry
- Clinical Analysis
- Electrophoresis
- Radioanalytical Techniques
- Computer aided techniques
- Crystallography
- Separation Techniques

Conference Highlights

- Analytical Chemistry and Engineering
- Novel Approaches For Analytical Chemistry
- Mass Spectrometry Ionization Method
- Mass spectroscopy and Gas chromatography
- Separation Techniques
- Advances in Chromatography & HPLC Techniques
- NMR Spectroscopy
- X-ray Spectrometry
- Crystallography
- Applied Crystallography
- Electrophoresis
- Microscopy Laboratory Analysis
- Applications in Analytical nanoscience
- Analytical and bioanalytical techniques
- Electron Paramagnetic Resonance Spectroscopy
- Analytical techniques in neurosciences
- Applied surface analysis
- Neutron Activation Analysis and Statistics
- Radioanalytical Chemistry
- Computed Tomography
- Application of resonance-enhanced multiphoton ionization
- Green Analytical Chemistry
- Clinical Chemistry and Laboratory Techniques
- Thermal Analysis

TOURIST ATTRACTIONS DISTANCE FROM CONFERENCE VENUE

CN Tower (4 h 11 min (272.8 mi) via I-35 S)

Welcome to Toronto's famous landmark CN Tower-553 meters-where you will find more adventure and fun at Edge Walk. It involves a hands-free walk on a 1.5-meter wide ledge around the outside edge of the main pod, at an elevation of 365 meters. Participants are attached to a safety harness and rope and at 351 meters they are revolving 360 Restaurant,360 is open for lunch and dinner, and visitors who dine here also receive complimentary access to the Lookout and Glass Floor levels of the tower.

Royal Ontario Museum (15 min (10.7 mi) via US-75 S)

The Royal Ontario Museum, known as the ROM, is one of Canada's premier museums with an international reputation for excellence. It houses an outstanding collection and also features major exhibitions from around the world. A controversial expansion of the facility saw a modern wing featuring glass and sharp angles added on to a very traditional older building. The museum contains collections covering a great variety of periods from all over the world.

Art Gallery of Ontario (16 min (10.9 mi) via US-75 S)

The renowned Art Gallery of Ontario (AGO) occupies a unique looking modern building on the west side of the city center. A whole series of temporary exhibitions are mounted throughout the year by this exceptionally well endowed gallery. Highlights include the collections of Canadian, African and Oceanic, and European art. The museum also holds a particularly impressive collection of Canadian paintings.

Ontario Science Centre

The Ontario Science Center is a family oriented attraction with many interesting exhibits to entertain children. Visit the Ontario Science Center to experience the latest developments in technology, telecommunications, optics, biology, physics, space travel and meteorology, and much more, all presented in an absorbing and imaginative way.

St. Lawrence Market (30 min (27.6 mi) via I-635 W)

The St. Lawrence Market houses a variety of vendors selling various food products, flowers, and specialty items. The St. Lawrence Hall was built in Toronto in 1850 and served as a public meeting place and a concert venue. The building provides a unique atmosphere for the market and is also occasionally used for film and television shoots

Toronto Zoo (19 min (14.5 mi) via US-75 S)

The Torontos zoo is the collection of several thousand animals, lies on the Red River some 40 kilometers northeast of the city center. One of the major attractions is the panda-plan to visit to the toronto zoo
