INVITATION

Dear Attendees,

We are glad to announce the "11th International Conference on Recycling & Waste Management" to be held during July 26-27, 2022 organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Waste Management-2022 aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Waste Management and it's Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 11th International Conference on Recycling & Waste Management amid to be held during July 26-27, 2022 at Prague, Czech Republic. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Waste Management-2022

Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

Waste Recycling Congress 2022 proudly honoured to invites you all contributors across the globe to "**11th World Convention on Recycling and Waste Management**" during **July 26-27, 2022** at **Prague, Czech Republic**, which includes prompt keynote presentations, Oral talks,Posterpresentations and Exhibitions.

11th World Convention on Recycling and Waste Management is mainly based on the theme: " Innovations and Reforms in Recycling and Waste Management" We warmly welcome all the participants of World's leading Scientists, Researchers and Scholars to attend the Convention. We provide a platform for young Researchers and Students to present their Research through oral Presentations through which they can develop a foundation for collaboration among young Researchers.

Waste Management-2022 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Waste Management, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Waste Management
- Discuss and apply recent research findings related to Waste Management
- Reflect on the place of critical distance in Waste Management

Who should attend?

The Conference will provide a forum for exchange of recent Research results among Researchers from all across the World focused on learning and sharing Knowledge upon use of recycling and for discussion of future challenges in implementation and application of latest Technologies and advances in this field. With members from around the world focused on learning about Recycling and Waste Management, this is your single best opportunity to reach the largest assemblage of participants from all over the World. Conduct demonstrations, distribute information, meet with current and potential customers, make a splash with a new product line, and receive name recognition at this 2-day event. Best Opportunity to Meet World-renowned speakers and to learn and share the most recent techniques, Theories and Technologies in the field of Recycling and Waste management.

Conference Sessions

- Environmental Chemistry
- Waste and Biomass Valorisation
- Biodiesel and Biofuels
- Bioremediation
- Recycling Business
- Bio- Plastics
- Solid Waste Management Diseases
- Bio- Energy from Waste
- Sustainable waste Management
- Biodiesel and Biofuels
- Waste Management for Unconventional Diseases
- Pollution and Climate Change:

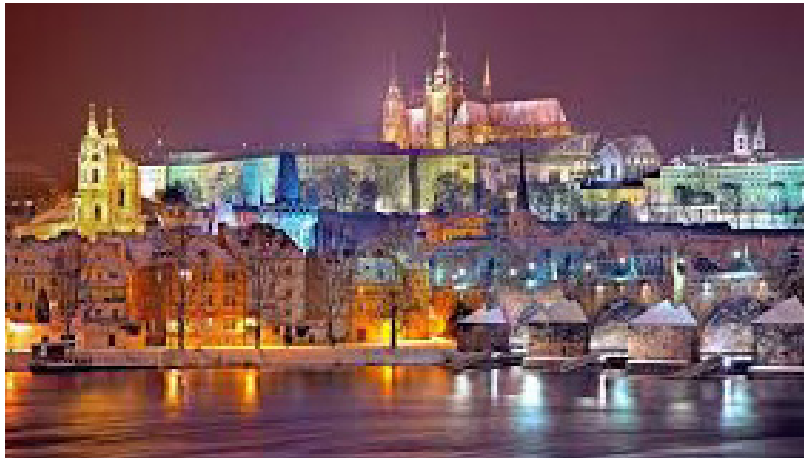

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT PRAGUE

Prague is a central European political, cultural, and economic hub with a long history. Prague, the capital of the Kingdom of Bohemia and the major seat of multiple Holy Roman Emperors, was founded during the Romanesque era and flourished during the Gothic, Renaissance, and Baroque eras.

The Vltava River runs through Prague, the Czech Republic's capital. It's known as "the City of a Hundred Spires" because of its Old Town Square, which features beautiful baroque structures, Gothic churches, and the ancient Astronomical Clock, which puts on an animated hourly performance. The pedestrian Charles Bridge, which opened in 1402, is decorated with statues of Catholic saints.
