Invitation

Greetings,

On behalf of` **Waste Recycling Congress 2018**, It is an honour and privilege to invite you to participate at our upcoming **9th World Convention on Recycling and Waste Management** that will be held on **October 22-23, 2018** at **Osaka, Japan**. We believe that your contribution to this field is unparalleled and your talk on this topic will be a great benefit.

The Conference deliberations will be on the following theme **Advocating Waste Disposal and Recycling Practices for Clean and Green Environment**.

We look forward for a positive confirmation; indeed it is an honour for Waste Recycling Congress 2018. We hope you will join us for a symphony of outstanding science, and enjoy the spectacular and unique beauty of Osaka, Japan.

For further information please visit http://wastemanagement.conferenceseries.com/

Thanks and Regards
Abby Rose
Program Co-Ordinator
Waste Recycling Congress 2018
47 Churchfield Road, London, W3 6AY, UK
Contact: UK: 44-800-098-8455 | Tokyo: 81-345780247

Conference Sessions:

- Environmental chemistry
- Reduce, Reuse, Recycle and Recovery
- Waste and Biomass Valorization
- Biodiesel and Biofuels
- Bioelectrochemical treatment Systems
- Bio-plastics
- Solid Waste Management
- Renewable Resources
- WasteWater treatment
- Bioremediation
- E-Waste
- Bio-Energy from Waste
- Sustainable Waste Management
- Environmental impact assessment
- Remote sensing and satellite technology
- Landfills
- Microbial Fuel Cell Technology
- Recycling Business
- Waste Treatment Technologies
- Waste Processing Industries
- Pollution and Climate Change

Program at Glance

October 22, 2018

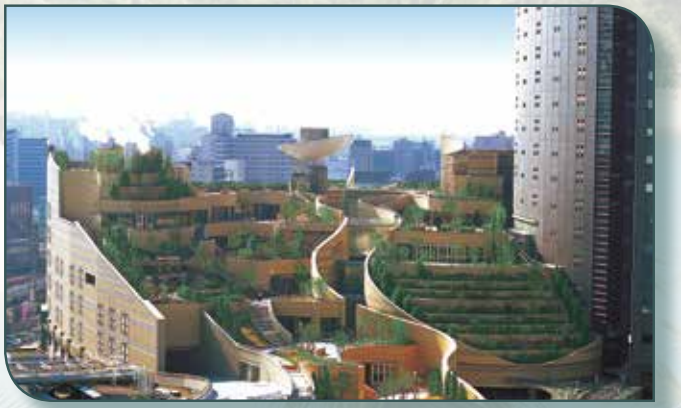

Time	Session
08:30-09:30	Registrations
09:30-12:00	Keynote Forum
Group Photo	
12:00-12:15	Network & Refreshments Break*
12:15-14:00	Environmental chemistry | Reduce, Reuse, Recycle and Recovery | Waste and Biomass Valorization | Biodiesel and Biofuels
14:00-14:45	Lunch Break**
14:45-16:00	Bioelectrochemical treatment Systems | Bio-plastics | Solid Waste Management | Renewable Resources
16:00-16:15	Network & Refreshments Break*
16:15-18:00	WasteWater treatment | Bioremediation | E-Waste | Bio-Energy from Waste
18:00-19:00	Video Presentation
Day Concludes	

October 23, 2018

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Sustainable Waste Management | Environmental impact assessment | Remote sensing and satellite technology
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Landfills | Microbial Fuel Cell Technology | Recycling Business
13:00-13:45	Lunch Break**
13:45-16:00	Poster Presentations
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Waste Treatment Technologies | Waste Processing Industries | Pollution and Climate Change
Conference Concludes	

City Attractions

Glimpses of Past Conference

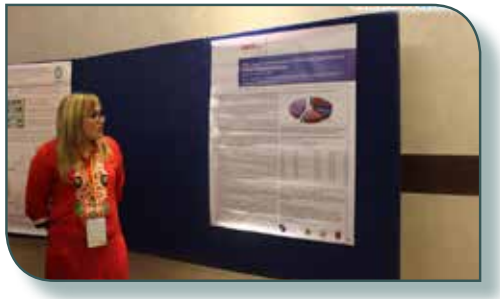

Venue

Japan is a stratovolcanic archipelago consisting of 6,852 islands. The four largest islands are Hokkaido, Honshu, Kyushu and Shikoku, along with the Ryukyu Island Chain, which includes Okinawa. The country is divided into 47 prefectures in 8 regions and has a population of 126 million, the world's tenth largest. The Greater Tokyo Area, which includes Tokyo and several surrounding prefectures, is the world's largest metropolitan area with over 35 million residents and the world's largest urban economy. With a varied and vibrant cultural history dating back to the Late Stone Age, Japan is a living mix of the modern and the traditional. Osaka is Japan's second largest metropolitan area after Tokyo. It has been the economic powerhouse of the Kansai region for many centuries. Osaka was formerly known as Naniwa. Before the Nara Period, when the capital used to be moved with the reign of each new emperor, Naniwa was once Japan's capital city, the first one ever known. It has many tourist attractions to see! Come and visit the most beautiful place Japan!
