Invitation

Conference Series welcomes you to attend the 9th World convention on Recycling and waste Management, which is going to be held in Osaka, Japan during October 22-23, 2018.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Recycling and waste Management.

Waste Management Convention 2018 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "Promote Sustainability and go green!".

Regards,
Waste Management Convention 2018
Operating Committee

Tentative Agenda

October 22, 2018 Monday

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	Group Photo
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Track 01: Environmental chemistry | Track 02: Reduce, Reuse, Recycle and Recovery | Track 03: Waste and Biomass Valorization
13:00-13:45	Lunch Break**
13:45-16:00	Track 04: Biodiesel and Biofuels | Track 05: Bioelectrochemical treatment Systems
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Track 06: Bio-plastics | Track 07: Solid Waste Management

Day Concludes

October 23, 2018 Tuesday

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Track 08: Renewable Resources | Track 09: Recycling & Waste Management
11:30-13:00	Track 10: Bioenergy and Biofuels | Track 11: Bioelectrochemical treatment Systems
13:00-13:45	Lunch Break**
13:45-16:00	Track 12: Bio-plastics
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Track 13: Solid Waste Management

Day Concludes

About Conference

The field of Recycling and waste Management is growing rapidly and its development is making tremendous impacts in Pollution. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Waste Management Convention 2018

- *Opportunity to attend the presentations delivered by eminent scientists from all over the world*
- *Selected contributions will be published in following Conference Series Journals*
    - *International Journal of Waste Resources*
    - *Expert Opinion on Environmental Biology*
    - *Journal of Environmental & Analytical Toxicology*
- *Participation in sessions on specific topics on which the conference is expected to achieve progress*
- *Global networking: In transferring and exchanging Ideas*
- *Share your excitement in promoting your skills in the field of designing*
- *Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers*

About Us

International Journals

- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 facebook fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series Conferences

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

About Osaka

Osaka is a designated city in the Kansai region of Japan. It is the capital city of Osaka Prefecture and the largest component of the Keihanshin Metropolitan Area, the second largest metropolitan area in Japan and among the largest in the world with over 19 million inhabitants. Situated at the starting of the Yodo River on Osaka Bay, Osaka is the second largest city in Japan, serving as a major economic hub for the country. Osaka has a large number of wholesalers and retail shops, the stores along the arcade include commodities, clothing, and catering outlets. Osaka is known for its food, in Japan and abroad. Osaka is known for its fine sake, which is made with fresh water from the prefecture's mountains. Osaka's culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and proximity to the ocean and waterway trade.In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. The National Museum of Art is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions. It is the backdrop for modern movies and pop music that enjoy worldwide recognition.
