

3RD INTERNATIONAL CONFERENCE ON

WATER MICROBIOLOGY
WATER SUSTAINABILITY & REUSE TECHNOLOGIES

DECEMBER 03-04, 2018
CHICAGO, USA

https://water.conferenceseries.com/

Invitation

Chicago
USA
DECEMBER 03-04
2018

Dear Attendees,

We are glad to announce the **3rd International conference on Water Microbiology Water Sustainability & Reuse Technologies** to be held in Chicago, USA from December 03-04, 2018 organized by Conference Series LLC Ltd in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all Water Microbiology Water Sustainability & Reuse Technologies Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Water/Marine Microbiology, New and Emerging Drinking Water Treatment Technologies, Water Analysis, Water treatment, Water Safety, Bioremediation, Biofilms and Biofouling: Water System, New and Emerging Waterborne Infectious Diseases, Water Testing, Wastewater Microbiology, Microbiology of Wastewater Treatment, Water Microbiology: Ecological approach, Water In Food Production & Processing, Molecular Tools in Microbial Water Quality Forensics, Bacterial Pathogens and Water, Water Sources & Reservoirs, Novel Technologies in Water Microbiology, Microbiology & Biogeochemistry, Nitrogen Deposition & Nutrient Modeling, Small Water & Wastewater Treatment Systems, Desalination - A Global Solution, Technology - Water Treatment & Management and will be available to discuss with you the latest issues and trends in Overcoming Milestones towards Microbiology "Rejuvenating Innovation in Water".

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Water 2018 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Chicago, USA

Sincerely,
Water 2018
Organizing Committee

About Conference

Chicago
USA
DECEMBER 03-04
2018

Water 2018 Conference website is attracting 25000+ water analyst, Medical microbiologist, online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series LLC Ltd Conferences differs from others?

- 3000+ Conferences across the globe in 70+ countries Annually
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Water 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Chicago

DECEMBER 03-04
2018

Purpose

3rd International conference on Water Microbiology Water Sustainability & Reuse Technologies is an arena for interdisciplinary exchange among professionals in the fields of Water Microbiology and water research.

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through bringing together the world's scientific experts to catalyze and advance scientific knowledge about microbiology, water and its related fields present the most recent research findings, and promote and enhance scientific collaborations around the world.

Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

Discuss emerging issues in Water and water Microbiology

Discuss and apply recent research findings related to Microbiology and Water research

Reflect on the place of critical distance in Microbiology

About Conference

Chicago
USA
DECEMBER 03-04
2018

Who should attend

3rd International conference on Water Microbiology Water Sustainability & Reuse Technologies is exclusively designed for Microbiologists, water analysts, water industrialists, water microbiologists Medical Microbiologists, Researchers, Academicians, Practitioners, Early Career Scholars, students along with Industries and others engaged in endeavors related to Water and Microbiology research and business.

About hosting organization

Conference Series LLC Ltd is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by crossref

Major sessions

- Water/Marine Microbiology
- New and Emerging Drinking Water Treatment Technologies
- Water Analysis
- Water treatment
- Water Safety
- Bioremediation, Biofilms and Biofouling: Water System
- New and Emerging Waterborne Infectious Diseases
- Water Testing
- Wastewater Microbiology
- Microbiology of Wastewater Treatment
- Water Microbiology: Ecological approach
- Water In Food Production & Processing
- Molecular Tools in Microbial Water Quality Forensics
- Bacterial Pathogens and Water
- Water Sources & Reservoirs
- Novel Technologies in Water Microbiology
- Microbiology & Biogeochemistry
- Nitrogen Deposition & Nutrient Modeling
- Small Water & Wastewater Treatment Systems
- Desalination - A Global Solution
- Technology - Water Treatment & Management

About Chicago

Chicago
USA
DECEMBER 03-04
2018

Chicago is the largest city in the US state of Illinois. With nearly 2.7 million residents, it is the most populous city in the Midwestern United States and the third most populous in the USA after New York City and Los Angeles. Its metropolitan area sometimes called "Chicago land" is the 27th most populous urban agglomeration in the world, the largest in the Great Lakes Megalopolis and the third largest in the United States, home to an estimated 9.8 million people spread across the US states of Illinois, Wisconsin, and Indiana. Chicago is the county seat of Cook County the second most populous county in the United States, after Los Angeles County, California. The city is a center for services, business, and finance and is listed as one of the world's top ten Global Financial Centers. The city's waterfront allure and nightlife have attracted residents and tourists alike. Over one-third of the city, the population is concentrated in the lakefront neighborhoods (from Rogers Park in the north to South Shore in the south). The city has many upscale dining establishments as well as many ethnic restaurant districts. These districts include the Mexican villages, such as Pilsen along 18th street, and La Villita along 26th Street, the Puerto Rican enclave Paseo Boricua in the Humboldt Park neighbourhood, "Greektown" along South Halsted St, "Little Italy" along Taylor St, "Chinatown, Chicago" on the South Side, "Polish Patches" in Avondale and Belmont-Central, "Little Seoul" around Lawrence Avenue, a cluster of Vietnamese restaurants on Argyle Street, and South Asian (Indian/Pakistani) along Devon Avenue.
