5th World Congress on

# Cardiology & Cardiovascular Therapeutics

August 12-13, 2019 | Tokyo, Japan

***Theme: Progressing into the Future of Heart Science***

**200+** Participation

**12+** Interactive Sessions

**6+** Keynote Lectures

**50+** Plenary Lectures

**3+** Workshops

**5+** Exhibitors

**B2B** Meetings

# Welcome Message

**Dear Colleagues,**

Conference Series LLC LTD is enchanted to welcome you to the **Annual Congress on Paediatric Cardiology** which is to be held in **Tokyo, Japan** amid of **November 04-05, 2019**. **Paediatric Cardiology 2019** will be an inventive and fortifying International gathering mirroring the course of Paediatric Cardiology. This meeting gives a phenomenal chance to talk about the most recent improvements inside the field.

Paediatric Cardiology 2019 featuring the subject "**Recent Progress in Paediatric Cardiology and Neonatal care**" gives a superb chance to share sees, trade information and build up research coordinated efforts and systems administration. Paediatric Cardiology 2019 will concentrate on the most recent and energizing advancements in every aspect of research offering a novel open door for Neonatologists, Paediatricians and Cardiologist over the globe to meet, organize, and see new logical developments.

# Conference Highlights:

- Cardiology
- Clinical & Experimental Cardiology
- Molecular and Cellular Cardiology
- Pediatric and Neonatal Cardiology
- Geriatric Cardiology
- Cardiology: Women's health
- Cardiac Nursing
- Cardiovascular Disease
- Cardiothoracic Surgery
- Heart Failure
- Interventional Cardiology
- Invasive cardiology
- Hypertension
- Cardiovascular Pharmacology and Toxicology
- Cardiovascular drugs
- Cardiovascular Engineering
- Cardiac devices & Imaging Techniques
- Cardiac Regeneration strategies
- Research & Advances in Cardiology
- Cardiology Case Reports

# Program at Glance

## Day 01 August 12, 2019

| Time | Session |
|---|---|
| 08:30-09:30 | Registrations |
| 09:30-10:30 | Keynote Forum |
| Group Photo | |
| 11:30-11:45 | Network & Refreshments Break* |
| 11:45-13:00 | Pediatric Cardiology \| Paediatric Congenital Heart Disease |
| 13:00-13:45 | Lunch Break** |
| 13:45-16:00 | Fetal Cardiology \| Pediatric & Geriatric \| Pediatric Surgery |
| 16:00-16:15 | Network & Refreshments Break* |
| 16:15-18:00 | Neonatology and fetal surgery \| Cardiac Stroke\| Pediatric Aortic Stenosis |
| Day Concludes | |

## Day 02 August 13, 2019

| Time | Session |
|---|---|
| 08:30-09:30 | Registrations |
| 09:30-10:30 | Keynote Forum |
| 10:30-11:30 | Cardio-Oncology \| Heart and Obesity \| Clinical Cardiology |
| 11:30-11:45 | Network & Refreshments Break* |
| 11:45-13:00 | Neonatology and fetal surgery \|Pediatric and neonatal surgery \|Pediatric Pericarditis \|General Pediatrics \|Clinical Pediatrics \|Rheumatic coronary illness \| Tetralogy Of Fallot In Infants |
| 13:00-13:45 | Lunch Break** |
| 13:45-16:00 | Vascular Heart Disease \| Myocardial and Pericardial Disease |
| 16:00-16:15 | Network & Refreshments Break* |
| 16:15-18:00 | Pediatric Cardiology \| Arrhythmias & Heart Regeneration \| Critical |
| Award Ceremony | |
| Conferece Concludes | |

**Youth Forum,**

Young Researchers can also participate in this elite congress

**Eligibility**

Young researcher is a student or learner who got interest in presenting their views and Technical skills in Nutrition and other related fields which suits the theme of the congress.

Participants should be below the age of 33 years and not to possess any senior position/ Faculty in the field.

**Submission**

Each individual participant is allowed to submit only one paper.

All submissions must be in English.

The chosen topic must fit into sessions of the congress.

Showcase your research through oral/poster presentations

# City Attractions

# Venue

Tokyo officially Tokyo Metropolis, is the capital of Japan and one of its 47 prefectures. The Greater Tokyo Area is the most populous metropolitan area in the world. It is the seat of the Emperor of Japan and the Japanese government. Tokyo is in the Kantō region on the south-eastern side of the main island Honshu and includes the Izu Islands and Ogasawara Islands. Formerly known as Edo, it has been the de facto seat of government since 1603 when Shogun Tokugawa Ieyasu made the city his headquarters. It officially became the capital after Emperor Meiji moved his seat to the city from the old capital of Kyoto in 1868; at that time Edo was renamed Tokyo. Tokyo Metropolis was formed in 1943 from the merger of the former Tokyo Prefecture and the city of Tokyo. Tokyo is often referred to as a city, but is officially known and governed as a "metropolitan prefecture", which differs from and combines elements of a city and a prefecture, a characteristic unique to Tokyo. The Tokyo metropolitan government administers the 23 Special Wards of Tokyo (each governed as an individual city), which cover the area that was the City of Tokyo before it merged and became the metropolitan prefecture in 1943. The metropolitan government also administers 39 municipalities in the western part of the prefecture and the two outlying island chains. The population of the special wards is over 9 million people, with the total population of the prefecture exceeding 13 million. The prefecture is part of the world's most populous metropolitan area with upwards of 37.8 million people and the world's largest urban agglomeration economy. The city hosts 51 of the Fortune Global 500 companies, the highest number of any city in the world. Television, NHK and the Tokyo Broadcasting System.
