About Stockholm

Stockholm is the capital of Sweden and the most populous city in the Nordic countries with approximately 1.5 million in the urban area and 2.3 million in the metropolitan area.The city stretches across fourteen islands where Lake Mälaren flows into the Baltic Sea. Just outside the city and along the coast is the island chain of the Stockholm archipelago. The area has been settled since the Stone Age, in the 6th millennium BC, and was founded as a city in 1252 by Swedish statesman Birger Jarl. It is also the capital of Stockholm County. The Stockholm region alone accounts for over a third of the country's GDP and is among the top 10 regions in Europe by GDP per capita. The city was the host of the 1912 Summer Olympics, and hosted the equestrian portion of the 1956 Summer Olympics otherwise held in Melbourne, Victoria, Australia.

It is an important global city, and the main centre for corporate headquarters in the Nordic region. The city is home to some of Europe's top ranking universities, such as the Stockholm School of Economics, Karolinska Institute and Royal Institute of Technology (KTH). The Stockholm Palace is the official residence and principal workplace of the Swedish monarch, while the Drottningholm Palace, a World Heritage Site on the outskirts of Stockholm, serves as private residence.
