B2B Meetings

Dear Attendees,

We are glad to announce the 2nd World Congress on Wind and Renewable Energy to be held in London, UK from June 14-15, 2018 organized by Conference Series LLC, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Wind and Renewable Energy Studies and will be available to discuss with you the latest issues and trends in Unveiling the emerging research for delivering effective power generation and environmental protection.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Wind and Renewable Energy 2018 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to London on June.

Sincerely,
Wind and Renewable Energy 2018
Organizing Committee

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be
published inrespective Conference Series LLC Journals
Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Wind & Renewable Energy 2018 is a unique opportunity to discuss best practices within the laboratory research and recent developments, Innovations and applications related to wind energy. Where we can change or improve our own ideas and processes for new scientific research development. Wind & Renewable Energy 2018 conference designed in all aspects of applicationincluding power generation and environmental protection. There will be many seminars, workshops and technical sessions take place which will catch the attention of the professionals to attend Wind & Renewable Energy conference and it would enormously enrich our knowledge in understanding the current requirements of the global industry on Wind & Renewable Energy.

Wind and Renewable Energy 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Wind and Renewable Energy present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

B2B Meetings

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Wind and Renewable Energy
- Discuss and apply recent research findings related to Wind and Renewable Energy
- Reflect on the place of critical distance in Wind and Renewable Energy

Who should attend

Electrical & Electronics Engineers, Mechanical Engineers, and Civil Engineering. Renewable Energy experts, Wind Turbine Producers, Environmental Engineers, Wind Turbine blade originators who are related to those topics. Wind Power Industries, Renewable Energy Industries, Software Publishing Houses focusing in Turbine Design software's are the Prospective Exhibitors for the Respective Conferences. The European Wind Energy Association, World Wind Energy Association, American Wind Energy Association, Renewable Energy engineering institutes. Students and Delegates.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

MajorSessions

- Wind Power Technology and Instrumentation
- Wind Farms Construction
- Next Generation Wind Power
- Renewable & Sustainable Energy
- Solar Power Technology
- Hydro and Ocean Power Technology
- Bio Energy and Bio Technology
- Nuclear and Fusion Energy Systems/Technology
- Nano Technology for Renewable Energy
- Conversion of Waste to Energy
- Global Energy Conservation
- Global trends in Renewable energy Commercialization & Investment
- Environmental and Ecological effects of Energy Production and Consumption
- Future Perspective of Power Generation/Supply

About London

London is a leading global city, in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transport. It is one of the world's leading financial centers and has the fifth or sixth-largest metropolitan area GDP in the world. London is a world cultural capital. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic. London is one of the world's leading investment destinations, hosting more international retailers and ultra-high-net-worth individuals than any other city. London's universities form the largest concentration of higher education institutes in Europe, and a 2014 report placed it first in the world university rankings. According to the report London also ranks first in the world in software, multimedia development and design, and shares first position in technology readiness.

London is the world's leading investment destination hosting more international retailers and ultrahigh-net-worth individuals than any other city. London's 43 universities form the largest concentration of higher education institutes in Europe, and a 2014 report placed it first in the world university rankings. According to the report London also ranks first in the world in software, multimedia development and design, and shares first position in technology readiness. In 2012, London became the first city to host the modern Summer Olympic Games three times
