Welcome to Wireless 2018, London..!!

Conference Series Ltd heartily invites across the globe to attend 4th International Conference and Business Expo on Wireless, Telecommunication & IoT (Wireless-2018) schedule during May 28-29, 2018 at London, UK a leading forum for Business professionals, Scientists, Professor, Directors of companies, Delegates, Industrialists, Researchers and Students in the field of Wireless & Telecommunication to exchange information on their latest research progress and with a theme "Wireless & Telecommunication technology advancements towards the formation of smart world" to cover almost all aspects and fields of Wireless, Telecommunication and Information of Things (IoT).

Importance and Scope:

Wireless-2018 conference is to learn and share knowledge on Wireless, Telecommunication & IoT. This Conference provides a forum for exchange of ideas and authoritative views by leading scientists as well as business leaders and investors in this exciting field. Outstanding keynote speakers and well known leading scientists and experts from across the globe will be expected to share their knowledge. We endeavor to bring individuals from various fields, and to make a setting in which they can collaborate synergistically, and ideally make new logical outcomes.

The Wireless events cover a wide range of topics related to innovative Wireless and Telecommunication applications while focusing on IoT and Cloud Information. The Wireless meeting offers key insights into cutting-edge applications from global experts, start-ups, and the winners of Europe's major innovation competitions for space applications

Sincerely,

Wireless 2018

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues: All accepted abstracts will be
Published in respective Conference Series LLC Journals
Each abstract will be provided with digital Object Identifier by

About Conference

Wireless-2018 conference is to learn and share knowledge on Wireless, Telecommunication & IoT. This Conference provides a forum for exchange of ideas and authoritative views by leading scientists as well as business leaders and investors in this exciting field. Outstanding keynote speakers and well known leading scientists and experts from across the globe will be expected to share their knowledge. We endeavor to bring individuals from various fields, and to make a setting in which they can collaborate synergistically, and ideally make new logical outcomes..

Wireless 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Wireless and Telecommunication present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

About Conference

Who should attend?

4th International Conference and Business Expo on Wireless, Telecommunication & IoT is organizing an outstanding Scientific Exhibition/Program and anticipates the world's leading specialists involved in Wireless, Telecommunication and IoT. Your organization will benefit with excellent exposure to the leaders in Wireless and Telecommunication. You can update your knowledge about current situation of Wireless Technology and receive name recognition at this 2-day event. Wireless event is an exciting opportunity to showcase the new technology. World-renowned speakers, the most recent techniques, tactics, and the newest updates in Wireless, Telecommunication & IoT fields are hallmarks of this conference.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

Major Sessions

- 5G and Beyond
- Wireless Communication
- Telecommunication
- Internet of Things (IoT)
- Cloud Computing
- Technology for Wireless
- Ad Hoc and Sensors Networks
- Mobile and Wireless Network
- Satellite Communication
- Space Communications and Navigation
- 3G & 4G
- Big Data

About London

London is the political, economic and cultural capital of Britain, and its world class tourist attractions are renowned across the globe. The Greater London area is bursting with attractions for visitors of all ages. With 30 historic gardens and 123 historic buildings, London also has more than 200 museums, 600 cinema screens, and 108 music halls. London's 33 boroughs, including the City of London, are spread over an area of 1572 square kilometers.

The river Thames runs through the heart of London, from Richmond in the west, through the central London borough of Westminster, to Greenwich in the east. London river cruises and river buses are a great way to see the city.

About one third of London is devoted to parks and open spaces, so there are plenty of places to relax on fine days.

London is incredibly well-connected, with five international airports and the high-speed Eurostar rail link. More than 50 countries are within a three-hour flight time and 310 international destinations have direct links to London.

Cultural Diversity

London is the Centre of the world– and a world iconicity, with a wealth of different cultures and communities
