5th International Conference on

Women Oncology

August 18-19, 2022 | Toronto, Canada

Theme: Exploring Mental Health and Nursing Education towards

INVITATION

Dear Attendees,

We are glad to announce the **"5th International Conference on Women Oncology"** to be held in **Toronto, Canada** on **August 18-19, 2022** organized in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members. **WOMEN ONCOLOGY 2022** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Epidemiology & Public Health and it's Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

5th International Conference on Women Oncology amid **August 18-19, 2022** at **Toronto, Canada.** This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

WOMEN ONCOLOGY 2022

Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

Biosensors 2022 Scientific Committee is honored to welcome you all to attend **5th International Conference on Women Oncology** which will be held during **August 18-19, 2022** at **Toronto, Canada**. **Women Oncology** will raise the most dynamic and latest issues in the field of Women Oncology. The Congress will highlight the discussion around the theme **"Exploring Mental Health and Nursing Education towards Wellness and Health Care"** by bridging the gaps between the intellectuals from across the globe to enlighten their research and findings at Women Oncology. The highlights of the conference Women Oncology 2022 – The expeditious growth in the research & development in Women Oncology has revolutionized the efficacy and sensitivity of analytical devices across Healthcare, Food & Agriculture, and Defenses industries. However numerous difficulties remain for such devices and competing forms of the assay are still relevant, with some still outperforming and providing better value thanbiosensor-based technologies..

WOMEN ONCOLOGY 2022 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Women Oncology, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Women Oncology
- Discuss and apply recent research findings related to WOMEN ONCOLOGY.
- Reflect on the place of critical distance in WOMEN ONCOLOGY Research.

Who should attend?

Academicians including Professors, PhD. Scholars, Students carrying out WOMEN ONCOLOGY and field studies, General Internist Pharmaceutical companies Research Scholars Doctors & Physicians Directors / Managers Industrial Professionals Clinical Researchers Healthcare Professionals Professors and students from colleges and universities Business delegates and Intelligence experts Vice Presidents of Medical institutions

WOMEN ONCOLOGY 2022 salient features

- Biosensors
- Biosensors Applications
- Transducers in Biosensors
- Bioengineering Applications
- Biosensing Technologies
- Nanobiosensors & Nanosensors
- Advancement in Nanotechnology
- Gas Sensors
- Biosensors in Healthcare
- Biosensors for Imaging
- Bioinstrumentation
- Environmental Biosensors
- Photonic Sensor Technologies
- DNA Chips and Nucleic Acid Sensors
- Wearable Biosensors
- BioMEMS/NEMS
- Nanoelectronics
- Bioelectronics
- Bioelectronics & Neuroprosthetics

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT TORONTO

Toronto, city, capital of the province of Ontario, southeastern Canada. It is the most populous city in Canada, a multicultural city, and the country's financial and commercial centre. Its location on the northwestern shore of Lake Ontario, which forms part of the border between Canada and the United States, and its access to Atlantic shipping via the St. Lawrence Seaway and to major U.S. industrial centres via the Great Lakes have enabled Toronto to become an important international trading centre. Moreover, the city is positioned on the edge of some of the best farmland in Canada, with a climate favourable to growing a wide range of crops, thereby making Toronto a transportation, distribution, and manufacturing centre. Most importantly, its central location, along with a host of political policies favouring international trade, places this city with the greatest economic ties to, and influence from, the United States. Since the second half of the 20th century the city has grown phenomenally, from a rathers
