August 23-24, 2021 | Barcelona, spain

https://worldcancer.cancersummit.org/

Invitation

Dear Collegues,

Organaizations is delighted to welcome you to barcelona, spain for world cancer 2021.

The conference will focus on **:"Progressive Cancer Research and Advancements in Cancer Diagnostics Techniques".** We are confident that you will enjoy the scientific sessions of this upcoming conference.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Blood Cancer Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to see you in Vienna, Austria this September

Sincerely,
World Cancer 2021
Organizing Committee

What is World Cancer 2021

Cancer is a disease, which involves the abnormal growth of cells that result in the formation of a tumor for which different types of cancer therapies are used for the treatment of it. However benign tumors are not cancers. The aberrant tumor cells have the propensity of transmission to other local tissues and may also transmit to diverse parts of body through blood and lymphatic system.

The the 21st World Congress on Cancer and Diagnostics welcomes all the participants from all over the world to attend the grand conference "World cancer 2021" on August 23rd- 24th, 2021 Barcelona, Spain. Which embody brief keynote introductions, narrated talks, brief introductions and presentations, Teachers, Researchers around the world will showboat their research work and will highlight the way wherein Men, Women and Children of all socioeconomics can be restored on types of cancer and their treatment and prevention.

As the topic describes it all, it is one of the most known diseases all over the world, still people are not much aware about it. Through this conference we serve a platform to all the renowned researchers, scientists and doctors, scholars to bring their ideas and knowledge on different types of cancer, cancer biomarkers, and types of cancer therapies etc. Blood cancer, breast cancer, gastrointestinal cancer, prostate cancer, ovarian cancer, mouth cancer, lung cancer, colorectal, are among them, chemotherapy, targeted therapy, immunotherapy, hormonal therapy are most commonly ones. As we realize that these are the name rundown just, there are a few different r cancers which will be likely explanations of more passing, if not taken consideration at a beginning period.

Major Sessions

Cancer Diagnostic Techniques
- Clinical Radiation oncology
- Oncology Biomarkers
- Cancer surgery
- Nanotechnology in cancer
- Prognostic oncology
- Biomarkers
- Types of cancer and their immunotherapy
- Therapies involve in cancer treatment
- Oncology Diagnostics Market
- Modern advancements in Oncology Diagnostics

Technologies
- Clinical Trials of cancer
- Types of cancer
- Recent Research and Innovations in Oncology
- Cancer Screening and Diagnostics
- Cancer Pharmacology
- Cancer: Lifestyle and Nutrition
- Oncology Saviours
- Pharmaceutical Oncology
- Cancer Bioinformatics

Host City

(independent network), northeastern Spain, found 90 miles (150 km) south of the French fringe. The city is for sure a significant social place with a noteworthy history. It flourishes with chronicles, libraries, historical centers, and structures of interest, highlighting amazing instances of Modernist and Art Nouveau style and engineering. Catalonia and Barcelona have gotten one of the principal traveler locations of Spain, it has everything to

satisfy most of the guests: with a set of experiences among the most seasoned in Europe, a capital, Barcelona, which never rests and an inland loaded with fascinating not to fail to remember lovely seashores in La Costa Brava. The assortment of imaginative fortunes, the Romanesque holy places, and the extraordinary names in present-day workmanship and engineering, Dali, Gaudi, Miro, Picasso Barcelona sited between the ocean and the mountains, has discovered an impressive equilibrium: a foot in the customary things and the other in the vanguard.

Barcelona has the standing of being the most cosmopolitan, present-day and cutting edge city in Spain and it has reestablished for the 1992 Olympic Games. Barcelona is a beautiful city in Spain, Europe, home to showstoppers of numerous incredible engineers. Some of the famous attractions places are "Casa Milà,Casa Vicens,

Sagrada Família,"and Casa Batlló. The most renowned of which is Antoni Gaudí. Gaudí's work is respected by designers around the globe as being one of the most extraordinary and unmistakable styles in present-day engineering.One of his most surely understand works, La Sagrada Família, is a monster basilica. The Barri Gòtic

(Catalan for "Gothic Quarter") is the focal point of the old city of Barcelona. A significant number of the structures date from bygone eras, some from as far back as the Roman settlement of Barcelona.
