WORLD CARDIOLOGY 2019

Cardiology is a great specialty of medicine that deals with disorders of the heart as well as some parts of the circulatory system. It has become the most dynamic, exciting and interesting field with medical diagnosis and treatment of heart disorders. All the disorders being very unique in their perspectives, the common goal of improving the quality of life for patients with these disorders can only be achieved by sharing ones expertise and knowledge with the cardiology healthcare community.

34th World Cardiology Conference on December 02-03, 2019 in Barcelona, Spain provides a significant platform for flourishing scientific sessions that covers cardiovascular diseases, clinical cardiology, cardiac electrophysiology, vascular heart diseases, interventional cardiology, echocardiography, cardiology case reports, pediatric cardiology, cardiac surgeries and many more....
