World Cardiology Experts Meeting

February 28-March 01, 2019 | Osaka, Japan

https://world.cardiologymeeting.com/

Theme: Case studies that pave way for an advanced Cardiology treatment

Invitation...

Dear Colleagues,

Conference Series llc Ltd welcomes you to attend **World Cardiology Experts Meeting** held during **February 28-March 01, 2019 at Osaka, Japan** with the theme "Case studies that pave way for an advanced Cardiology treatment"

This international meet (World Cardiology Summit 2019) anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current advancements involved in Cardiology and Healthcare. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world class Cardiology and Medical associations.

World Cardiology Summit 2019

- Opportunity to attend the presentations delivered by eminent scientists and business professionals from all over the world.

- Selected contributions will be published in following reputed high impact factor Journals.

  ☞ Journal of Clinical & Experimental Cardiology
  ☞ Journal of Cardiovascular Diseases & Diagnosis
  ☞ Cardiovascular Pharmacology: Open Acces

Conference Sessions:

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Cardiology and Healthcare are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- Heart Surgery
- Heart Devices
- Cardiac Nursing
- Cardiac Pharmacology
- Electrocardiography
- Cardiac catheterization
- Coronary Angiography
- Cardiovascular Surgery
- Invasive cardiology
- The coronary care unit
- Cardiovascular drugs
- Preventive cardiology
- Echocardiography
- Cardiac Imaging Techniques
- Pacemakers and internal defibrillators
- Nutrition, Diet & Exercise
- Paediatric cardiology

Important Dates:

Early Bird Registration: January 01, 2019

On-spot registration: February 28, 2019

Speaker Slots Available

NOTE: Program Schedule is subject to change with final allotment of the speaker slots

Program at Glance

Day 01 February 28,2019 Thursday

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	Group Photo
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Heart Surgery | Heart Devices
13:00-13:45	Lunch Break**
13:45-16:00	Cardiac Nursing | Cardiac Pharmacology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Electrocardiography | Cardiac catheterization
	Day Concludes

Day 02 March 01,2019 Friday

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Coronary Angiography | Cardiovascular Surgery | Echocardiography
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Invasive cardiology | The coronary care unit | Cardiac Imaging Techniques
13:00-13:45	Lunch Break**
13:45-16:00	Cardiovascular drugs | Preventive cardiology | Pacemakers and internal defibrillators | Nutrition, Diet & Exercise | Paediatric cardiology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Poster Presentations
	Day Concludes
	Award Ceremony
	Conferece Concludes

Previous Program Glance

Opening Ceremony: 09:00-09:30

Day 1 April 29, 2018

Keynote Forum

09:30- 10:15	Title: An Examination of Identifiable Risk Factors and Health Outcomes Associated with Cardiovascular Health in Children and Adults Damien Byas, President- North American Scientific Committee on Cardiovascular Health, USA
11:25-11:50	Title: Effectiveness of autologous bone marrow-derived mononuclear cells delivery in wide spectrum of pathologies Aris Lacis, President- Latvian Association for Pediatric Cardiologists, Latvia

Group Photo

Networking and Refreshments Break: 11:10-11:25

Sessions:
Heart Disease & Failure | Interventional Cardiology | Diabetes, Obesity & Stroke

Session Introduction

11:25-11:50	Title: Lower Plasma Fetuin-A Levels are Associated with a Higher Mortality Risk in Patients with Coronary Artery Disease Wenhua Ling, Sun Yat-Sen University, China
11:50-12:15	Title: Could ABO-incompatible heart transplantation (HTX) in infants and newborns be a good option to decrease the death risk on waiting list: "A Meta-Analysis" Lale Hakami, Congenital Heart Surgery Munich, Germany
12:15-12:40	Title: Pulmonary Valve Cusp Augmentation for Pulmonary Regurgitation After Repair of Valvular Pulmonary Stenosis Hong Ju Shin, Korea University Ansan Hospital, South Korea
12:40-01:05	Title:Protective effect of anti-HMGB1 protein in experimental myocardial infarction Martina Cebova, Center of Experimental Medicine Slovak Academy of Sciences, Slovak Republic

Lunch Break: 01:05-02:05

02:05-02:30	Title: Coronary artery fistula associated with mitral valve regurgitation in a young symptomatic patient: a case report Jenny-Lynn V. Juhuri, Philippine Heart Center, Philippines
02:30-02:55	Title: Recalcitrant angina in a young woman- the conundrum in Atherosclerosis Punitha Arasaratnam, National Healthcare Group Pte Ltd, Singapore
02:55-03:20	Title: Conduction property of bilateral nodal extensions and their roles in the development of atrioventricular nodal reentrant tachycardia Satoru Takeno, Kindai University School of Medicine, Japan

Workshop

03:20-04:10	Title: Estrogen Receptor-Beta Activation: A Novel Approach to Prevent Ischemic Brain Damage as a comorbidity of heart failure Carola Y. Förster, University of Wurzburg, Germany Michiaki Nagai, Hiroshima City Asa Hospital, Japan

Networking and Refreshments Break: 04:10-04:25

Program at Glance

Sessions:
Cardiac and Cardiovascular Research | Heart Diagnosis

Session Introduction

04:25-04:50 Title: Extracorporeal Membrane Oxygenation In Post-cardiotomy Pediatric Patients — Do Biventricular Hearts Show Better Outcome?
Ahmed F. Elmahrouk, Tanta University, Egypt

04:50-05:15 Title: Coronary artery disease in diabetic women, Peculiarity and insufficiency
Nazim Megherbi, Frantz Fanon Hospital University, Algeria

Panel Discussion

Day 1 ends…

Day 2 April 30, 2018

Keynote Forum

11:20-11:45 Title: Cardiopulmonary Bypass for Neonates and Infants
Jacob Ostrowsky, Chief Perfusionist, The Congenital Heart Collaborative Rainbow Babies & Children's Hospital USA

11:20-11:45 Title: Therapeutic effect of immunoadsorption and subsequent immunoglobulin substitution in patients with dilated cardiomyopathy: Results from the observational prospective Bad Berka Registry
Marc-Alexander Ohlow, Vice-Director Cardiology, Zentralklinik Bad Berka, Germany

Networking and Refreshments Break: 11:10-11:25 @ Foyer

Sessions:
Case Reports on Cardiology | Pediatric Cardiology

Session Introduction

12:15-12:40 Title: Single Center results after cardiac transplantation in infants and small children
Lale Hakami, Congenital Heart Surgery Munich, Germany

12:40-13:05 Title: Some associated inflammation markers may delimite a more severe form of atherosclerosis in cardiovascular disease
Ioan A. Gutiu, "Carol Davila" University of Medicine and Pharmacy, Romania

Lunch Break: 01:05-02:05

14:05-14:30 Title: Cut-off values of ischemia modified albumin for the exclusion of aortic aneurysm
Oğuz Akkuş, Mustafa Kemal University, Turkey

14:30-14:55 Title: Efficacy of extrapericardial leads of implantable Cardioverter-defibrillator in ventricular arrhythmia after acute myocardial infarction in large animal model.
Jeko Madjarov, Carolinas Healthcare System Pineville, USA

14:55-15:20 Title: A 56 years old lady with intermittent chest pains, shortness of breath and palpitations
Xuan Kai Koe, Lancashire Teaching Hospital, United Kingdom

15:20-15:45 Title: The importance of preoperative oxygen saturation as a predictor of pulmonary arterial hypertension after surgery of atrial septal defects
Hong Ju Shin, Korea University Ansan Hospital, South Korea

15:45-16:10 Title: Relationship between the level of plasma D-dimer and the in-hospital mortality in patients with type A aortic dissection
Jin-Lin Wu, Fuwai hospital, China

Special Session

Program at Glance

16:10-16:35	Title: Scientific and Medical Writing - English for Journal Publication: Cutting for Clarity Mary Shibuya, Gunma University, Japan

Networking and Refreshments Break: 16:35-16:50

Poster Presentations: 16:35-17:30

Panel Discussion

Day 2 ends…

Day 3 May 1, 2018

Keynote Forum

09:30-10:20	Title : Blocking the transient receptor potential vanilloid2 channel (TRPV2) may attenuate myocardial damage after myocardial infarction Gad Keren, Tel Aviv Medical Center, Israel
10:20-11:10	Title : To be updated soon Galya Atanasova, Medical University Pleven, Bulgaria

Networking and Refreshments Break: 11:10-11:25 @ Foyer

Sessions:
Cardiac Nursing | Case Reports on Cardiology | Heart Devices

Session Introduction

Session Chair: To be updated soon..
Session Co-Chair: To be updated soon..

11:25-11:50	Title: Complementary supportive therapy for symptomatic patients with a left ventricular dilatation and reduced ejection fraction Mila Jakovljevic, Polyclinic for Cardiovascular Diseases and Prevention, Croatia
11:50-12:15	Title: The effects of electronic application on cardiac Rehabilitation for coronary heart disease patients Undergone percutaneous coronary intervention: a Literature review Sio Wa Lao, The Chinese University of Hong Kong, Hong Kong
12:15-12:40	Title: Factors associated with hypertensive patients' compliance with recommended lifestyle behaviors in north of Jordan Qais Alefan, Jordan University of Science and Technology, Jordan
12:40-01:05	Title:Determination of diastolic dysfunction by conventional and Doppler tissue echocardiography in dogs Murat Kibar, Kyrgyz Turkish Manas University, Kyrgzstan

Lunch Break 01:05-02:05 @ Salon Panoroma

02:05-02:30	Title: NOX4 is regulated by blood flow in aortic endothelial cells Dong Hoon Kang, University of Ulsan, South Korea
02:30-02:55	Title: When More Isn't Better: A Quadricuspal Aortic Valve Mimicking Acute Coronary Syndrome Debbie Lynn A. Udarbe, Angeles University Foundation Medical Center, Philippines
02:55-03:20	Title : Effect of the timing of surgery on the prognosis of aortic dissection Jin-Lin Wu, Fuwai hospital, China
03:20- 03:45	Title : Implementation of an Anti-Platelet Medication Education Process and Post-Discharge Motivational Phone Calls for Post Cardiac Stent Patients Elizabeth Mathew, USA

Program at Glance

Networking and Refreshments Break: 03:45-04:00 @ Foyer

Award Ceremony

This is tentative agenda for the scheduled event. Please note that the timings in this program may subject to change. For more details please contact: heartcongress@cardiologyconference.org

Poster Presentations (Day-2): 03:25-04:45

WHC01	Title: Impact of Hospital Management Process Reengineering on Patients with ST Segment Elevation Myocardial Infarction: A Single Centre Experience of China-Japanese Union Hospital of Jilin University Bohan Xiao, China-Japan Union Hospital of Jilin University, China
WHC02	Title: Health related quality of life in couples before and after LVAD implantation. Finja Jünemann, Hannover Medical School, Germany
WHC03	Title: Efficacy of Nicorandil in the Prevention of Contrast-Induced Nephropathy among Patients with Chronic Kidney Disease Undergoing Coronary Angiography: a meta-analysis of randomized controlled trials Andrea Reyes, St. Luke's Medical Center, Philippines
WHC04	Title: Automatic screening of atrial fibrillation by smart wristband on in/outpatients. Enrique García and Daniel Rivera, Álvaro Cunqueiro Hospital, Spain
WHC05	Title: Increase safety in interventional arrhythmia procedures using Ecardiology tools Enrique García, Álvaro Cunqueiro Hospital, Spain
WHC06	Title: Compliance in patients with cardiovascular risks family doctors opinion Snejana Vetrila, State University of Medicine and Pharmacy " Nicolae Testemitanu", Moldova
WHC07	Title: The discourses about the pathogenesis of primary arterial hypertension: high blood pressure communication with circulation in the blood and tissues of HSV-1 Mirzoeva Tomiris, Educational and Clinical Center for Family Medicine of the Rudaki district, The Republic of Tajikistan
WHC08	Title: The analysis of polymorphism of A1166C of the gene of AGTR at patients with chronic heart failure. Zulfya Rasulova, Republican Specialized Scientific and Practical Medical Center Of Therapy and Medical Rehabilitation, Uzbekistan
WHC09	Title: Ankle-brachial index (ABI) associated with severity coronary atherosclerosis in patients with coronary artery disease Suphawadee Phababpha, Thammasat University, Thailand
WHC10	Title: Early predictors of left ventricular remodeling after primary percutaneous coronary intervention. H Shams-Eddin, Assiut University, Egypt

City Attractions

Venue

Japan is a world apart – a cultural Galápagos where a unique civilization blossomed, and today thrives in contrasts of traditional and modern. The Japanese spirit is strong, warm and incredibly welcoming. Japan is a leading nation in scientific research, particularly technology, machinery and biomedical research. Japan leads the world in robotics production and use. Osaka is the second largest metropolitan area in Japan and serves a major economic hub. Historically a merchant city, Osaka has also been known as the "Nation's Kitchen". With a population of 2.5 million, Osaka is Japan's third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries. The city's west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the Tempozan Harbour Village. Osaka is known for its food, both in Japan and abroad. Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka's culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. The National Museum of Art (NMAO) is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions. Osaka Science Museum is in a five storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre. The Museum of Oriental Ceramics holds more than 2,000 pieces of ceramics, from China, Korea, Japan and Vietnam, featuring displays of some of their Korean celadon under natural light. The Osaka Museum of History, opened in 2001, is located in a 13-story modern building providing a view of Osaka Castle. Its exhibits cover the history of Osaka from pre-history to the present day.
