WELCOME ADDRESS

Dear Attendees,

The World Chemistry 2022 Organizing Committee is absolutely delighted to welcome you to the **13th World congress on Chemistry** which will be held as **Barcelona, Spain** on **April 27-28, 2022,** where we will be shining a spotlight on *"To Innovate and Integrate Advance in Chemistry"*.

We are looking forward to providing you with a superb environment in which to present, discuss and advance your World Congress research. The world class scientific programme will consolidate existing knowledge while at the same time increase your awareness of leading edge and forward looking advances in the field.

The congress is to be held in one of the world's most important global cities which was the greatest cultural extravaganza that one could imagine, which is called as Barcelona. It exerts considerable influence on the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transportation. What better place to combine leading edge science with an unsurpassed personal experience.

We look forward to seeing/welcoming you in 2022 for an experience of a lifetime.

With Regards
World Chemistry 2022

ABOUT US

Goals & Objectives

- The World Chemistry 2022 aims to bring together leading world's scientific experts, academic professionals, scientists, specialists, researchers, scholars, business delegates and students to exchange and share their experiences and research results on all aspects of Chemistry.
- It also provides an interdisciplinary platform for policy makers, community leaders, business activists, scientists and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Chemistry.
- We aim to bring the research and innovations happening across the parts of the globe to facilitate interaction, knowledge sharing and exchange. We also aim to inspire university professors, students, researchers, clinicians and entrepreneurs

About Conference

13th World Congress On Chemistry is among the World's leading Scientific Conference. The two day event on World Chemistry will host Major scientific and technical sessions along with the sub-sessions on cutting edge research and latest research innovations in the field of World Chemistry & its related issues across the globe. To foster the best learning environment we have designed some of the sessions this year for World Chemistry conference which will comprises of 18 major sessions designed to offer comprehensive sessions that address current issues in various fields of Chemistry Techniques.

Besides the attendees can find prestigious plenary and invited lectures, various shorter talks and poster sessions which will give the opportunity to most participants to present their work at the Congress. This congress on Chemistry provides an opportunity to meet experts, professionals, academicians and researchers from all over the world. Execute new methods or revise existing methods based on best presented facts as presented at **World Chemistry 2022**.

ABOUT CONFERENCE

Who Should Attend?

World Chemistry 2022 Conference website is attracting56000+Chemistryspecialists,Pharmacists, Chemists, Drug Experts, Scientists, Medical officers, specialists, researchers, professionals, speakers, professors, business delegates and students.

Why to Attend?

- Find out what's new
- Meet experts & influencers face to face
- To present your ideas and work to others
- Networking for future collaborations
- The focus & energy of Like-Minded Individuals
- Fresh way of knowledge transfer
- Learn beyond your field or interest
- Meet, collaborate & get inspired
- Travel and extend your comfort zone

Conference Highlights

- Medicinal Chemistry
- Industrial Chemistry
- Forensic and Clinical Chemistry
- Neuroscience and Neuro Chemistry
- Drug Discovery, Drug Design and Drug Development
- Mass Spectroscopy and Chromatography
- Analytical and Bio Analytical Chemistry
- Nuclear Chemistry
- Electro Chemistry
- Polymer Chemistry
- Marine and Geo Chemistry
