Although a country in its own right, England is also part of the United Kingdom alongside Northern Ireland, Scotland and Wales.

London offers an apparently boundless decision of shopping, amusement, culture, and feasting to its guests. The city's history can be acknowledged in regions such as Buckingham palace, British museum, London eye, St Paul's cathedral, big ben and many more. London likewise offers various world heritage sites. London is the cultural, political and economic capital of Britain, and its world class tourist attractions are renowned across the globe. The Greater London area is brimming with attractions for visitors of all ages. With 30 historic gardens and 123 historic buildings, London also has more than 200 museums, 108 music halls and 600 cinema screens. Over an area of 1572 square kilometres London's 33 boroughs, including the City of London, are spread.
