INVITATION

WORLD DIABETES 2026

Dear Attendees,

It is our great pleasure to invite you to the 28th World Congress on Diabetes and Endocrine Disorders, to be held on June 25–26, 2026, in the vibrant city of Paris, France. This premier international congress serves as a global platform for endocrinologists, diabetologists, clinicians, scientists, academicians, and healthcare professionals to come together and address the growing burden of diabetes and endocrine disorders worldwide.

The congress aims to foster knowledge exchange, promote evidence-based practices, and encourage collaborative research efforts that contribute to improved patient care and public health outcomes. We warmly welcome professionals from across the globe to join us for two days of insightful scientific exchange and networking.

Regards,
Edward Harrison | Program Manager
Organizing Committee | World Diabetes 2026

CONFERENCE HIGHLIGHTS

ABOUT VENUE

Paris, the capital of France, is one of the world's most historic and culturally rich cities. With a history spanning over two millennia, Paris has long been a center of art, science, education, and intellectual exchange. Known globally as the "City of Light," Paris has played a significant role in shaping European history, culture, and innovation.

The city is home to iconic landmarks such as the Eiffel Tower, Louvre Museum, Notre-Dame Cathedral, Champs-Élysées, and the scenic Seine River. Paris is also renowned for its architectural heritage, world-class museums, historic neighborhoods, and vibrant cultural life.

As a global hub for research, innovation, and international events, Paris offers excellent conference infrastructure, modern transportation, and a welcoming environment for global delegates. Hosting the conference in Paris provides participants with an opportunity to engage in high-level scientific discussions while experiencing the city's rich history, culture, and renowned cuisine.

REGISTRATION BENEFITS

- Participants will benefit from:
- Exposure to the latest research and clinical advancements
- Opportunities to present research at an international forum
- Interaction with global leaders and experts
- Expansion of professional and academic networks
- Access to conference materials and proceedings
- Certificate of participation and presentation
- Opportunities for collaboration and career development
