About World Endocrinology 2018

On behalf of Organizing Committee Member, we invite the worldwide global audience and presenters to participate at the 14th World Congress on Endocrinology & Diabetes which is to be held in Paris, France during November 21-22, 2018. Special interest and theme of the conference is "Reconnoitring the Challenges Concerning Endocrinology and Diabetes Research".

World Endocrinology 2018 provides two days robust discussions on methods and strategies related to diagnosis, prevention and management of Diabetes & Endocrinology as well as explore new ideas and concepts on a global scale. This two day event provides a perfect platform for leading scientists, researchers, scholars, practitioners, health care experts, treatment providers, equipment and diagnostic tools manufacturers/vendors, to gain knowledge about the latest advancements in clinical research and health diagnostics within the respective field and also encourages new innovations, research ideas around the globe.

Sincerely,
Operating Committee
CEO and Founder
Conference Series LLC Ltd.

Major Sessions

- Endocrinology and Diabetes
- Endocrinology: Types and Categories
- Endocrinology Glands and Hormones
- EDCs (Endocrine Disrupting Chemicals)
- Endocrine and Diabetes Disorders
- Diabetes: Types and its Complications
- Pathophysiology: Endocrinology,
- Cardiovascular Endocrinology
- Paediatric Endocrinology
- Diagnostic Tools and Tests
- Endocrine and Diabetes Biomarkers
- Endocrine and Diabetes Biomarkers
- Endocrinologists and Diabetologists
- Prostate Cancer and Endocrinology
- Bone and Mineral Metabolism
- Endocrine Ageing and Neoplasia
- Obesity and Metabolic Disorders
- Transgender: Medicine and Research
- Endocrinology: Male & Female Reproductive Health
- Advance Treatment and Prevention
- Clinical Trails and Case Study
- Cell Transplantation & Tissue
- Herbal and Alternative Remedies

WORLD ENDOCRINOLOGY CONGRESS 2018
Nov 21-22, 2018 | Paris, France

Day-1

Program Outline

Registration 8:00-9:00

Inaugural Session 9:00-09:15

Keynote Forum 9:15-11:15

Title: Relationship Between Weight and Glucose Using Math-Physics Medicine
Gerald C. Hsu, eclaire MD Foundation, USA

Title: Neonatal TSH Screening as an indirect method for the assessment of iodine status in Siberia
Osokina Irina, Russian Academy of Science, Krasnoyarsk, Russia

Group Photo, Networking & Refreshment Break 11:10-11:30

Workshop Session 11:30-1:00

Title: A Case Study of Investigation and Prediction of A1C Variances Using Math-Physical Medicine
Gerald C. Hsu, eclaire MD Foundation, USA

Lunch Break 1:00-2:00

Session Introduction 2:00-4:00

Endocrinology & Diabetes | Cardiovascular Endocrinology | Diabetes: Types and its Complications | Obesity and Metabolic Disorders | Advance Treatment and Prevention
Chair: Gerald C. Hsu, eclaire MD Foundation, USA **Co-Chair: Irina Osokina, Russia**

Title: Excess of pregnancy weight gain, Socioeconomic parameters, Lifestyle and obstetric complications in Lebanon population
Mayssa Traboulsi, Cadi Ayyad University, Marrakesh, Morrocco.

Title: The hidden link between Endocrine disorders and Diabetes
Ershad Ismail Malik, Mumbai, India

Title: Epidemiology of type 1 diabetes mellitus in the Republic of Khakassia, according to the State register of diabetes
Osokina Irina, Russian Academy of Science, Krasnoyarsk, Russia

****Speaker & Poster slots are available****

Day-2

Program Outline

Registration	**8:00-9:00**
Inaugural Session	**9:00-09:15**

Keynote Forum **9:15-11:15**

****Keynote Speakers slots are available****

Group Photo, Networking & Refreshment Break 11:10-11:30

****Workshop Session or Special Session Slots are Available****

Lunch Break **1:00-2:00**

Session Introduction **2:00-4:00**

Endocrinology & Diabetes | Cardiovascular Endocrinology | Diabetes: Types and its Complications | Obesity and Metabolic Disorders | Advance Treatment and Prevention

****Chair & Co-Chair seats are Available****

Poster Presentation

Title: Impact of thiadiazine and aminophthalhydrazide on protection of tissues in type 2 diabetic rats

Svetlana Medvedeva, Ural Federal University, Yekaterinburg, Russian Federation

Title: Insulin-producing system in experimental diabetes mellitus and at modulation activity of macrophages

Kseniia Sokolova, Ural Federal University, Yekaterinburg, Russian Federation

E-Poster Presentation

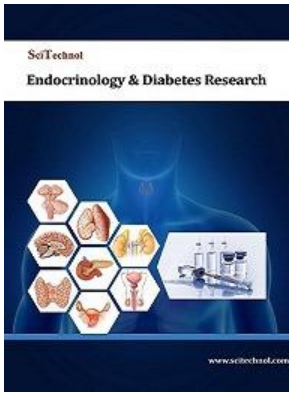

Title: Severe hyponatraemia in a patient with secondary central nervous system lymphoma

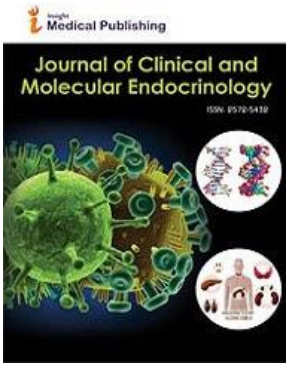

Hareesh Joshi, Peterborough City Hospital, Peterborough, UK

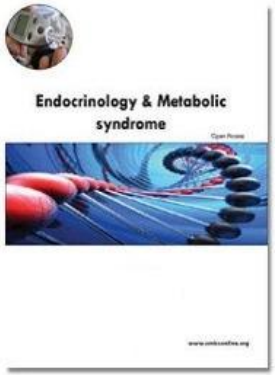

****Speaker & Poster slots are available****

Supported Journals

- Endocrinology & Diabetes Research
- Journal of Clinical & Molecular Endocrinology
- Endocrinology & Metabolic Syndrome

All accepted abstracts will be published in the supported journals as a Special Issue with DOI number.
