Market Analysis

With the globalization of research markets on liver it is estimated that it is about to reach $19536 million by the end of year 2022, and registered a CAGR of 11.72% during the period of 2016-2022. The antiviral drug segment held major share of the total market in 2015 and is expected to maintain its lead throughout the forecast period .With the rapid growth of viral infectious liver diseases like hepatitis liver cancer etc. have been noticed in the particular registered tenure as per the reports of allied market research.

With advancement of growing technology and the way of life style there are many factors that are influencing to cause liver diseases. Off all that, the most primary factor we can state as increase in the consumption of Alcohol and also due to unbalanced diet with irregular timings. These Factors also causing another infectious diseases like liver tumor, Hepatitis, Chronic Liver Disease. On Overall diseases Criteria, Hepatitis is widest and spreading very rapidly thought the world among the liver diseases. The treatment of Hepatitis made a drastic raise in the liver treatment market of all over the globe.

There been also some diseases that lead to transplantation of liver and also permanent damage of liver. Liver Cirrhosis, hemochromatosis, Wilson's disease all these leads to permanent damage of liver. On overall thesis the transplantation is done upon the type of disease segment. Liver Transplantation can be viewed as a difficult task that may cause bleeding, clotting of blood, and some other viral infections. As per the report of ALF [American Liver Foundation] 1500 people are dying annually in a year. But however this liver transplantation technique got a key success in the field of medicine. AS per the previous records it has been recorded that there are 6000 success liver transplantations and now it is gradually rising in the coming years. This technique has saved many lives and also many people are waiting for donors who got approved their liver transplantations approximately 15000 including children and adults.

SPEAKER TESTIMONIALS

I very much appreciated the opportunity to attend the conference and for the assistance in helping to make this possible. Overall, the conference was very good. I especially enjoyed the international flavor of the presentations provided by people from all over the world. The presence of young people from developing countries at the conference was also a strength, since many presented a perspective and understanding that would otherwise go unappreciated.

Mark Feitelson
Temple University, USA

Thank you very much for the great opportunity you gave us to be part of the Hepatology 2016 Conference event in Columbus. It was a great pleasure for me to be there and share my experiences and studies with so many qualified colleagues. A special thanks to the organization. Everything was perfect. Compliments for the perfect organization and for the high scientific impact of this event, a rich platform for sharing the latest ongoing research on Hepatology.

Arnolfo Petruzziello
IRCCS, Fondazione G.Pascale, Italy

Many thanks for the assistance with this conference. All went well and my presentation was well received.

Vince Fragomeli
Hospital, Australia

Thank you very much for your hospitalities. I was very glad to know that people are very interested in the study of perinatal transmission in HBV-infected pregnant women.

Yuming Wang
Third Military Medical University, China

I appreciate all your efforts for the conference

Junseo Oh

Korea University Graduate School
South Korea

The expertise professors, Professor Mark, Professor Nicholas, Professor Anil and Professor David and other Colleagues I met during conference add to me a lot in the new area of diseases.

Reda M El Badawy
Benha University, Egypt

It was an amazing experience to present a poster and oral presentation at hepatitis 2016 conference in Dubai. It is my pleasure to share my research.

Ali Moosa Mahzari
RMIT University, Australia

I greatly appreciate your arrangement for such a wonderful conference. It was very successful

Sen-Yung Hsieh
Chang Gung Memorial Hospital, Taiwan

I really enjoyed my stay at Orlando, I would like to thank conference organizers for a wonderful arrangement at venue

Garima Mittal
SRHU, India

Thank you for all your effort over the past months to make the conference successful. Thank you again also for giving us the opportunity to present our work.

Mamdooh Ghoneum
Charles Drew University, USA

It was a pleasure to attend the conference. The conference was very good from my point of view covering all aspects of Hepatitis that are important for understanding, treatment and control of the disease. There were some very interesting discussions and I think everybody profited from the conference

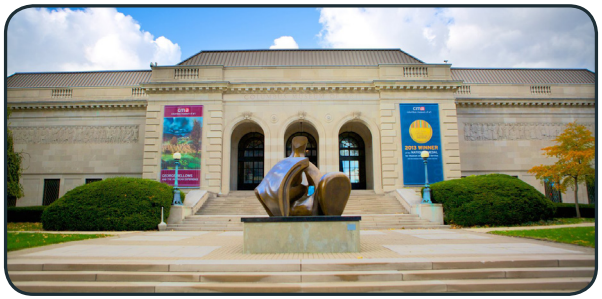

Francisco Coutinho
Sao Paulo University, Brazil
