About Us

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes facebook
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues: All accepted abstracts will be published in respective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by Crossref

About Conferences

World Nephrology 2019 Conference website is attracting 25000+ Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Physics Societies and the people Associated, Nobel laureates in Professionals, Nephrology Professionals, Pharma Laboratories and Technicians, Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

World Nephrology 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Nephrology Conference, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

B2B Meetings

About Conferences

Objectives

After participating in this meeting, attendees should be able to
Discuss emerging issues in Nephrology divisions
Discuss and apply recent research findings related to pulmonary and respiratory divisions
Reflect on the place of critical distance in pulmonary and respiratory divisions

Who should attend?

- Nephrologists
- Renal Practionists
- Kidney coordinators
- Renal Transplantation surgeons
- Physicians
- Scientists
- Nephrology Associations and Societies
- Business Entrepreneurs
- Training Institutes
- Software developing companies
- Manufacturing Medical Devices Companies
- Data Management Companies
- Students

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

Conference Highlights

- Nephrology and Therapeutics
- Acute Kidney Injury
- Nephrology Nursing
- Clinical Nephrology
- Pediatric Nephrology
- Kidney Stones
- Renal Dialysis
- Chronic and End Stage Renal Diseases
- Diabetes and Hypertension
- Renal Transplantation and Immunology
- Kidney Cancer
- Geriatric Nephrology
- Diabetic Nephropathy
- Nephritis and Onconephrology
- Glomerular Diseases
- Surgery for Renal diseases
- Diagnostic, Imaging and Radiation techniques
- Women Health & Pregnancy
- Hereditary Kidney Disorders
- Treatments in Nephrology
- Renal Nutrition
- Urinary Tract Infections

Young Researchers can also participate in this elite congress

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Eligibility

- Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.
- None of the authors should have senior position or faculty position.
- Participants should be below the age of 33 years.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.

Submission

- Each individual participant is allowed to submit only one paper (as first author or co-author).
- All submissions must be in English.
- The chosen topic must fit into sessions of the congress.
- Showcase your research through oral/poster presentations

About Tokyo,

Tokyo is Japan's capital and the world's most swarmed city. It is in like manner one of Japan's 47 prefectures, involving 23 central city wards and different urban territories, towns and towns west of the downtown zone. The Izu and Ogasawara Islands are in like manner part of Tokyo. Going before 1868, Tokyo was known as Edo. A little fortress town in the sixteenth century, Edo transformed into Japan's political concentration in 1603 when Tokugawa Ieyasu developed his medieval government there. A few decades later, Edo had formed into one of the world's most swarmed urban zones. With the Meiji Restoration of 1868, the sovereign and capital moved from Kyoto to Edo, which was renamed Tokyo. Tremendous parts of Tokyo were destroyed in the Great Kanto Earthquake of 1923 and perceptible all around strikes of 1945. Today, Tokyo offers an obviously unlimited choice of shopping, fervor, culture and devouring to its visitors. The city's history can be recognized in region, for instance, Asakusa, and in various brilliant presentation lobbies, critical havens and nurseries. Contrary to normal wisdom, Tokyo furthermore offers different engaging green spaces in the downtown region and inside by and large short get ready rides at its edges.

Tokyo Metropolis is settled within the center of the Japanese archipelago within the Kanto Region on the northwest of Tokyo Bay. It borders Edogawa River and Chiba Prefecture to the east, mountains and Yamanashi Prefecture to the west, Tama gawa River and Kanagawa Prefecture to the south, and Saitama Prefecture to the north.

Metropolitan Tokyo is split into smaller administrative bodies – the "central" space, comprising of twenty three wards.
