Title: The Fast-Track to Confidence-Driven Healthcare Leadership

Dr. Barry Thompson
USA

Dr. Thompson advises leaders of growing organizations how to effectively improve their own performance and that of their employees. For over 10 years, Dr. Thompson has been advising, training and coaching leaders in both the for-profit and non-profit markets. He has extensive international experience after spending over 25 years in the EMEA (Europe, Middle East and Africa) market.

From Alaska to Africa, Dr. Thompson has addressed thousands of ordinary people seeking to be more confident. With advanced degrees from Liberty, Oxford and Colorado, his humorous and folksy style make him a perfect fit for all audiences, for whom he lectures on leadership, ethics, communication, and multi- generations in the workplace. As the author of Confidence-Driven Living, a powerful storyteller and motivational speaker, Dr. Thompson has received numerous awards for his teaching and speaking.

Thompson has spoken at events for some of the world's leading organizations, including IBM, Oracle, British Telcom, Vodacom, the British Parliament's Committee on Learning, Harrah's and numerous healthcare and other non-profit associations. He has been particularly successful while engaged with healthcare practices that seek to improve the delivery of their services. His style has been described as "fun but powerful," "life- changing," and "one-of-a-kind," as he uses real-life examples to encourage individuals, leaders and organizations to optimize their performance to meet the challenges of the global marketplace.
