Nutrition Congress 2018

About us

Nutrition Congress 2018

Conference Series LLC Journals

- 900 Open Access Journals
- 21 Day rapid review process
- 100000 Editorial team, 35000 Reviewers team
- 25 Million readers and high visibility
- More than 10000 facebook
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series LLC Conferences

- 1000+ Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Special Issues

All accepted abstracts will be published in respective Conference Series LLC Journals Each abstract will be provided with digital Object Identifier by

crossref

About Conference

Nutrition Congress 2018 conference is mainly focused on the new scientific and technical advances in the field of Nutrition, Dietetics, Clinical Nutrition, Malnutrition, aging care management and recent advancements in Nutrition research

Nutrition congress 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following International Journals
  - Journal of Nutrition and Food Science
  - Journal of Nutritional Disorders & Therapy
  - Journal of Nutrition and Dietetics
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting Health care, Clinical R&D
- Conference brings together Scientific Researchers, Business Entrepreneurs and Pharma, Healthcare, Industry Developers

Conference Highlights

- Nutrition
- Clinical nutrition
- Nutrition and pregnancy
- Medical Nutrition Therapy
- Nutritional biochemistry
- Malnutrition
- Dietary Supplements
- Future Research in Nutrition
- Protein science
- Pediatric nutrition
- Nutraceuticals
- Nutrition for special population
- Diet and appetite
- Probiotics and Prebiotics
- Nutrition Education
- Global Nutrition Challenges
- Nutritional Disorders
- Nutritional Neuroscience

Nutrition Congress 2018

About Osaka

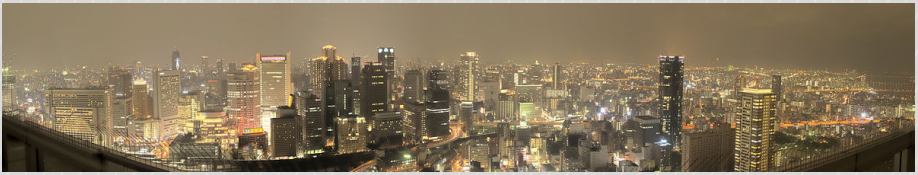

Osaka (大阪市 Ōsaka-shi) is a designated city in the Kansai region of Japan. It is the capital city of Osaka Prefecture and the largest component of the Keihanshin Metropolitan Area, the second largest metropolitan area in Japan and among the largest in the world with over 19 million inhabitants. Situated at the mouth of the Yodo River on Osaka Bay, Osaka is the second largest city in Japan by daytime population after Tokyo's 23 wards and the third largest city by nighttime population after Tokyo's 23 wards and Yokohama, serving as a major economic hub for the country.

Historically a merchant city, Osaka has also been known as the "nation's kitchen" (天下の台所 tenka no daidokoro) and served as a center for the rice trade during the Edo period.

Etymology

"Osaka" literally means "large hill" or "large slope". It is unclear when this name gained prominence over Naniwa, but the oldest written evidence for the name dates back to 1496.

The name is now written 大阪 in kanji, but it was written 大坂 until 1870, when the partisans for the Meiji Restoration changed it, apparently to avoid the second kanji being misinterpreted as 士反, meaning "samurai rebellion". The older kanji is still in very limited use,usually in historical contexts, but in Japanese the kanji 阪—pronounced han when standing alone—now refers exclusively to Osaka City or Osaka Prefecture.

Venue

Osaka, Japan

Important Dates

Abstract submission opens: November 29, 2017

Registration opens:December 04, 2017

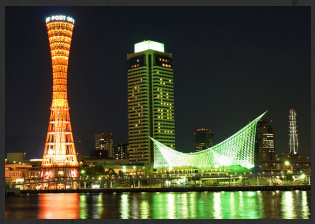

Early bird registration: January14, 2018

On spot registration: November 15, 2018
