# INVITATION

**Dear Attendees,**

We are glad to announce the International congress on World Summit on Obesity and Weight Managementto be held during January 09-10, 2024 at Budapest, Hungary organized by WORLD OBESITY-2024 in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. The conference is focused on the theme “Modern Postulations in Treatment and Prevention of Obesity”.

This conference is a unique international platform that’s a confluence of all stakeholders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Obesity, Weight Management, Childhood Obesity, Diabetes, Bariatric Surgery, Obesity in Teens and Adolescents, Anti-obesity drugs, Diet and Nutrition, Diabesity : A dual Challenge, Genetics and Epigenetics of Obesity, Roles of Steroids and Hormones in Obesity, Physical activity , Exercise and Kinesiology, Advanced Treatment in Obesity, Current Research on Obesity and Diet, Obesity and Metabolic Diseases, Weight Loss Management. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts. Life is full of give and take. Make it count in your professional life. Attend the WORLD OBESITY-2024 to network with your peers, exchange expertise and experiences and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to our conference!

Sincerely,
WORLD OBESITY-2024
Organizing Committee

## Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

Cognizance of leading Cutting-Edge Technologies

Exposure to the upcoming business trends

Publication of Abstracts in preeminent supported journals

New Accomplishments with Edu-tech ideas

Professional Worldview

Certificate of presentation with International signatories

Free access to our forthcoming International events

International Recognition

Meet Experts & Influencers Face to Face

Gain Targeted Knowledge

New Tips & Tactics

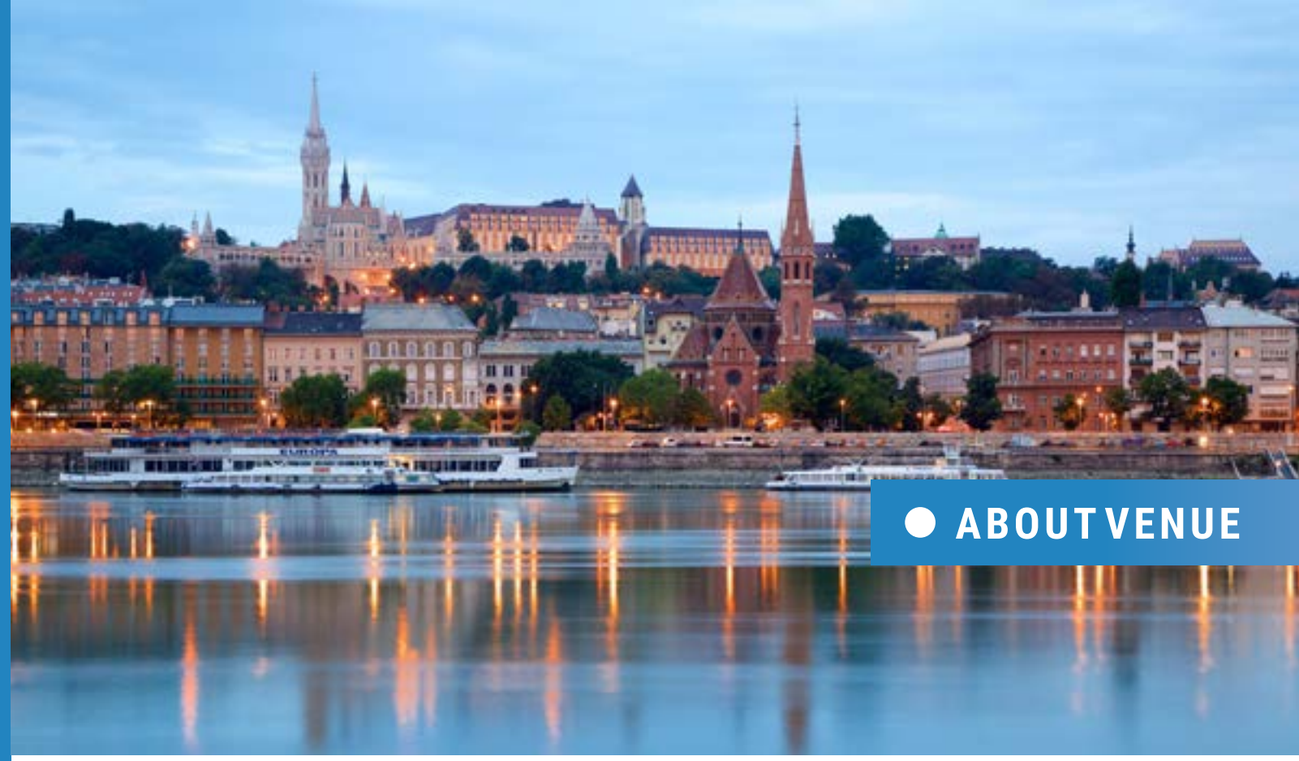

## Our International Scientific Conferences

- More than 5000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

## ABOUT VENUE

### BUDAPEST, HUNGARY

Budapest, city, capital of Hungary, and seat of Pest megye (county). The city is the political, administrative, industrial, and commercial centre of Hungary. The site has been continuously settled since prehistoric times and is now the home of about one-fifth of the country's population. Budapest is famous for its rich culture, underground caves, staggering architecture, and for being the Spa Capital of the World. The Queen of the Danube is also known for its unique Ruin Bars, gigantic Parliament Building, imposing Great Synagogue, and delectable local cuisine. Budapest is now recognized as one of the most beautiful European cities and a respected World Heritage Site, which includes the banks of the River Danube, the Buda Castle Quarter, Andrassy Avenue, Heroes Square, and the Millennium Underground Railway. There is no city like Budapest when it comes to the number of food and cultural festivals. There's everything from fish and mangalitsa festivals in winter to beer, wine, street food, craft and music festivals in summer. Budapest is one of the most stunning cities in Europe. The combination of beautiful Budapest architecture, the spectacular views from Fisherman's Bastion and the Buda side, and the stunning River Danube makes it a fantastic place to explore.

Hungary is also the birthplace of many famous people. Erno Rubik, a sculptor and professor, invented the Rubik's Cube in 1974. Hungary boasts 13 Nobel Prize winners, and magician Harry Houdini was also born in the country's capital, Budapest. The Eastern European country's cuisine primarily consists of meat dishes. Hungary is a landlocked country, situated in the Carpathian Basin. Its two longest rivers called Danube and Tisza divide Hungary into three parts: Transdanubia (to the west of the Danube), the plain between the Rivers Danube and Tisza, and the Trans-Tisza region (to the east of the Tisza). Due to the prosperity and the large Jewish community of the city at the start of the 20th century, Budapest was often called the "Jewish Mecca" or "Judapest".
