Tourist Attractions

Venue

Hong Kong is cosmopolitan and multicultural located in eastern Asia. It borders the South China Sea to the south, west, and east, and shares a land border with mainland China to the north. The Outlying Islands are made up of 234 islands in the proximity of Hong Kong, excluding Hong Kong Island where the capital city (Hong Kong) is located; the island is in the southern part of the territory. It was viewed as the world's best goal for relaxation guests and gatherings in 2012. Hong Kong was voted the "Best FIT Destination of the Year" in the China Travel and Meeting Industry Awards 2012 sorted out by travel magazine Travel Weekly. It was additionally named the "Best City for MICE Events" in the 2012 Industry Awards composed by CEI Asia Pacific magazine. Hong Kong has a very strong economic base, which has enabled it to tolerate periods of economic hardship. This strong economic base will help Hong Kong to regain its losses and expand its economy to play a more significant role in global markets. Some 40 percent of Hong Kong's land is devoted to its park system, and its 21 parks scattered throughout Hong Kong and Lantau Islands and the New Territories are well used by the citizens. Tai Chi, hiking, bicycling, kite flying, and picnicking are popular activities for which the ultra-urban people of Hong Kong resort to the wooded areas surrounding the city.

Venue:

Courtyard Hong Kong Sha Tin
1 On Ping Street, Sha Tin,
New Territories Hong Kong
