About the conference

The 9th World Pediatrics Conference scheduled for November 13–14, 2025, in Amsterdam, Netherlands, promises to be a pivotal event in the field of pediatric healthcare. This international gathering aims to unite leading pediatricians, neonatologists, researchers, and healthcare professionals from around the globe to discuss the latest advancements and challenges in child health.

Attendees can expect a comprehensive program featuring keynote speeches, oral and poster presentations, and interactive workshops. The conference will cover a wide array of topics, including pediatric biochemistry, epilepsy, genetics, neonatology, infectious diseases, immunology, cardiology, neurology.

Theme: "Global Pediatric Health: Challenges and Solutions for a Healthier Future", will be featuring the world class keynote talk, speakers, oral and poster presentation with interactive networking session, workshops and many more.

Why to attend the conference

The 9th World Pediatrics Conference, taking place on November 13-14, 2025, in Amsterdam, Netherlands, presents a vital opportunity for pediatric professionals to engage with the latest advancements in child healthcare. This global event gathers leading researchers, clinicians, and healthcare providers to exchange insights on cutting-edge pediatric research, innovations in clinical practice, and strategies for improving outcomes in child health. Attendees can expect to gain knowledge on a wide spectrum of topics ranging from neonatology and pediatric nutrition to rare childhood diseases and mental health.
