

World Probiotics 2018

is an unprecedented event planned for specialists to empower the spread and use of research revelations on Probiotics & Prebiotics, food science, nutrition and microbiology, immunology, biochemistry, and molecular genetics. The main theme of the conference is *"Probiotics and Prebiotics innovative trends in Therapeutics interventions."* We are putting endeavors towards a healthier world moving forward to find the possible ways in replenishing the microbial flora towards a healthier life. This meeting includes current research, advancement and discovery of probiotics, prebiotics, food innovation and nutritional science. The conference is intended to energize the trading of thoughts over a wide scope of disciplines from the scientific areas of food science and technology, microbiology and genetics, and preventive cure using nutritional therapy. Let's join hands with us and the most grounded scientific community, industrialists and young researchers in making an inventive world free from diseases.

International Conference on

PROBIOTICS AND PREBIOTICS

October 31-November 01, 2018

San Francisco, USA

The conference will witness various scientific sessions from the research areas of Probiotics and Prebiotics including:

Probiotics and Functional Foods | Probiotics Strains and Beneficial Microbes | Nutritional Functionality of Probiotics | Mechanisms of Probiotics | Microbiome and Probiotics | Industrial Probiotic Products | Probiotic Nutrition | Probiotics in Maintaining Health and Preventing Diseases | Probiotics for Women Health | Probiotics for Animal Health | Applications of Probiotics in Aquaculture | Common Therapies of Probiotics | Prebiotics | Health Benefits and Applications of Prebiotics | Prebiotic Foods | Genomics of Probiotics and Prebiotics | Regulatory perspective of Probiotics and Prebiotics | Synbiotics | Future of Prebiotics and Probiotics.

Organizing Committee Member/Keynotes @ World Probiotics 2018

Dr. Susana Marta Isay Saad
University of São Paulo (USP)

Dr. Jun Sun
University of Illinois at Chicago

Dr. Greg Maguire
BioRegenerative Sciences, Inc., NeoGenesis, Inc.
