International Conference on

PROBIOTICS AND PREBIOTICS

October 31-November 01, 2018 San Francisco, USA

Program at a Glance

Day 1

Morning Sessions	Reception	08.00-09.00
	Time	**General Sessions**
	09.00-09.15	Inaugural Address
	09.15-10:00	**Keynote/Plenary Talk 1**
	10.00-10:45	**Keynote/Plenary Talk 2**
	Panel Discussions/Group Photo 10:45-10:50	
	Coffee/Tea Break 10.50-11.10 (Networking)	
	11.10-12.10	**Session on: Probiotics and Functional Foods**
	12.10-13.10	**Session on: Probiotics Strains and Beneficial Microbes**
	Lunch Break 13.10 -13.40	
Evening Sessions	13.40-14.40	**Session on: Probiotic Nutrition and Nutritional Functionality**
	14.40-15.40	**Session on: Mechanisms of Probiotics**
	15.40-16.10	**Session on: Microbiome and Probiotics**
	Coffee/Tea Break 16.10-16.25 (Networking)	
	16.25-18.00	**Workshop**

Day 1

Day 2

	Time	**Sessions**
Morning Sessions	09.00-10.00	**Session on: Industrial Probiotic Products and Synbiotics**
	10.00-10.40	**Session on: Probiotics in Maintaining Health and Preventing Diseases**
	Coffee/Tea Break 10.40-10.55 (Networking)	
	10.55-11.45	**Session on: Probiotics for Women Health**
	11:45-12:35	**Session on:Probiotics for Animal Health and Applications of Probiotics in Aquaculture**
	Lunch Break 12.35-13.25	
Evening Sessions	13.25-14.25	**Session on: Common Therapies of Probiotics**
	14.25-15.25	**Session on: Prebiotics & Health Benefits and Applications of Prebiotics**
	Coffee/Tea Break 15:25-15:45 (Networking)	
	15.45-16.30	**Session on: Prebiotic Foods & Regulatory perspective of Probiotics and Prebiotics**
	16.30-17.30	**Session on: Genomics of Probiotics and Prebiotics & Future of Prebiotics and Probiotics**
	Poster Sessions	
	Young Resercher Forum	

Day 2

Awards and Closing Ceremony

Tourist Destinations in San Francisco, USA

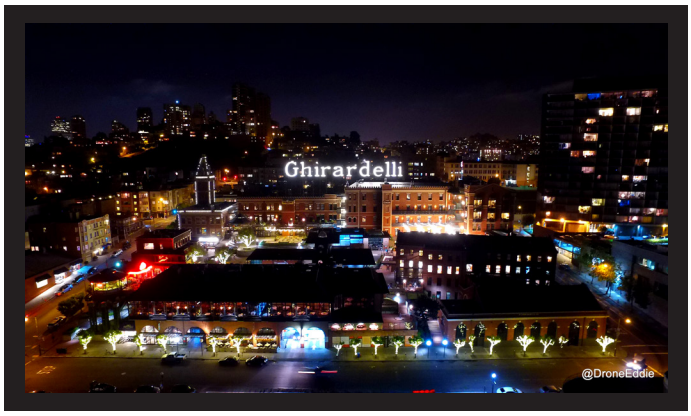

Coit Tower

Conservatory of Flowers

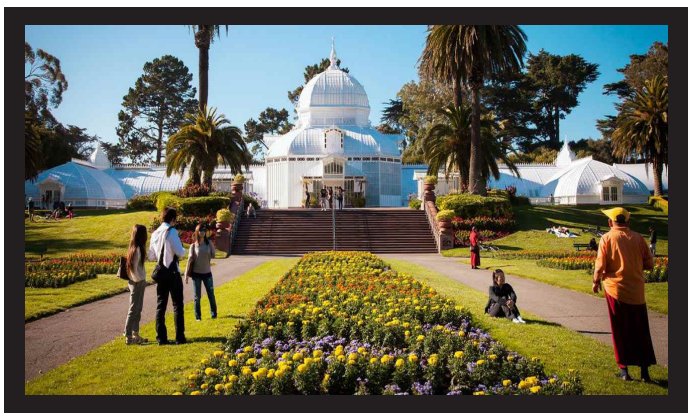

De Young

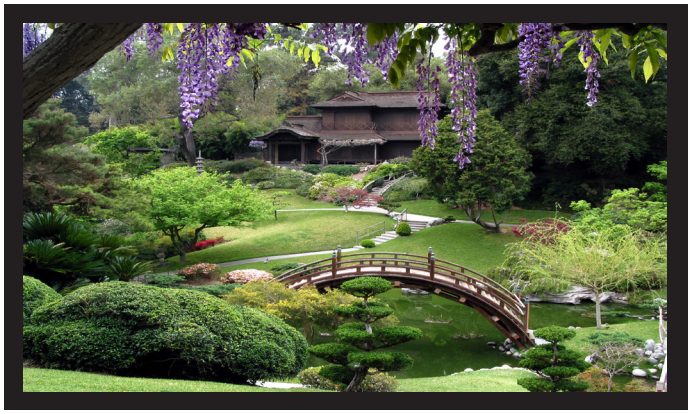

Ghirardelli Square

Golden Gate Bridge

Golden Gate Park

Japanese Tea Garden

Palace of Fine Arts

Major Scientific Sessions

- Probiotics and Functional Foods
- Probiotics Strains and Beneficial Microbes
- Nutritional Functionality of Probiotics
- Mechanisms of Probiotics
- Microbiome and Probiotics
- Industrial Probiotic Products
- Probiotic Nutrition
- Probiotics in Maintaining Health and Preventing Diseases
- Probiotics for Women Health
- Probiotics for Animal Health
- Applications of Probiotics in Aquaculture
- Common Therapies of Probiotics
- Prebiotics
- Health Benefits and Applications of Prebiotics
- Prebiotic Foods
- Genomics of Probiotics and Prebiotics
- Regulatory perspective of Probiotics and Prebiotics
- Synbiotics
- Future of Prebiotics and Probiotics

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

Conference Venue
San Francisco, USA

San Francisco is the cultural, commercial, and financial Centre of Northern California. Situated on a peninsula separating San Francisco Bay from the Pacific Ocean, San Francisco is a uniquely picturesque city, whose scenic attractions include the largest cultivated urban park in the country, Golden Gate Park. Its notoriously steep streets, traversed by the famous cable cars, are home to a remarkably diverse ethnic population, and the city's reputation for tolerance and diversity is also evident in its history as a mecca for the gay community. Known for sophisticated cultural innovation and experimentation, San Francisco was the gathering place of the "beat" generation in the 1950s and a focal point of the 1960s counterculture, a hotbed of political protest and the birthplace of the "San Francisco Sound." Still known for its cultural attractions, today the Bay Area is also famous for its concentration of cutting-edge high-technology firms, which have drawn even more new residents to this populous region.

San Francisco offers state-of-the-art health-care facilities. The San Francisco metropolitan statistical area had 5,209 office-based physicians in 1995 when its 23 community hospitals had 4,999 beds. San Francisco's largest hospital is San Francisco General Medical Center, with 550 beds and a highly respected emergency and trauma center. The hospital was also the site of the first specialized AIDS unit in the country. In 1996– 97, it had 23,764 admissions, 391,661 outpatient visits, and employed 3,239 people. Other health-care facilities include the University of California at San Francisco Medical Center, St. Francis Memorial Hospital, and Seton Medical Center.
