About Vancouver

Vancouver is a significant city in western Canada, situated in the Lower Mainland area of British Columbia. As the most crowded city in the territory, the 2016 registration recorded 631,486 individuals in the city, up from 603,502 of every 2011. The Greater Vancouver territory had a populace of 2,463,431 out of 2016, making it the third-biggest metropolitan region in Canada. Vancouver has the most noteworthy populace thickness in Canada, with more than 5,400 individuals for each square kilometre, which makes it the fifth-most thickly populated city with more than 250,000 occupants in North America, behind New York City, Guadalajara, San Francisco,and Mexico City. Vancouver is quite possibly the most ethnically and etymologically different urban areas in Canada: 52% of its inhabitants are not local English speakers,48.9% are local speakers of neither English nor French, and 50.6% of occupants have a place with obvious minority groups.

Vancouver is reliably named as one of the best five overall urban areas for reasonableness and nature of life, and the Economist Intelligence Unit recognized it as the principal city positioned among the main ten of the world's most well-living cities for ten successive years. However, Vancouver additionally positions as the most costly city to live in Canada and as the fourth-most costly real estate market globally. In 2011, the city wanted to turn into the greenest city on the planet by 2020. Vancouverism is the city's metropolitan arranging plan reasoning.
