About Osaka

Osaka ranks 19th among the world's leading cities and plays an important role in the global economy. The gross city product of Osaka in fiscal year 2004 was ¥21.3 trillion, an increase of 1.2% over the previous year. Being one of the most advanced (in terms of technology) countries in the world, Japan also offers an ancient outlook to tourists, especially their religious sites. It's known for its modern architecture, nightlife and hearty street food. The 16th-century shogunate Osaka Castle, which has undergone several restorations, is its main historical landmark. It's surrounded by a moat and park with plum, peach and cherry-blossom trees. Sumiyoshi-taisha is among Japan's oldest Shinto shrines.
