About Hong Kong

Hong Kong is an autonomous territory, in southeastern China. Its vibrant, densely populated urban centre is a major port and global financial hub with a skyscraper-studded skyline. Central features architectural landmarks like I.M. Pei's Bank of China Tower. Hong Kong is also a major shopping destination, famed for bespoke tailors and Temple Street Night Market.

Hong Kong has the world's largest number of skyscrapers, with 317 towers taller than 150 metres (490 ft), and the third-largest number of high-rise buildings in the world. The lack of available space restricted development to high-density residential tenements and commercial complexes packed closely together on buildable land.
