- ☞ The abstract should include complete details of the contestant (e.g., abstract title, name, affiliation, abstract and biography etc). For sample template, please.
- ☞ Abstracts have to be submitted through online or by email. Shortlisted abstracts for the competition will be intimated through email and those will be displayed on the website as well.

ABOUT VENUE

New Delhi, national capital of India. It is situated within the north-central a neighborhood of the country on the West Bank of the Yamuna River, adjacent to and just south of Delhi city (Old Delhi) and within the Delhi national capital territory. In December 1911 King George V of england decreed that the capital of British India would be moved from Calcutta (now Kolkata) to Delhi. Construction began in 1912 at a site about 3 miles (5 km) south of the Delhi city center, and therefore the new capital was formally dedicated in 1931. The straight and diagonal pattern of the broad tree-lined avenues in New Delhi, with extensive green spaces and wide vistas, contrasts sharply with the crowded, narrow, and winding streets characteristic of Old Delhi. The main east-west axis of New Delhi is Central Vista Park, which is flanked by government buildings, museums, and research centres during a parklike setting. The city is governed by the appointed New Delhi Municipal Council (NDMC).

Yamuna River, also called Jumna, major river of northern India, primarily in Uttarakhand and Uttar Pradesh states. It is one of the country's most-sacred rivers.

Lotus Temple, Bahā ī Faith house of worship, or mashriq al-adhkār (Arabic; a neighborhood where the uttering of the name of God arises at dawn), in New Delhi. In the early 21st century it had been one among only seven mashriqs within the world.
