About Thailand

Thailand is a Southeast Asian country. It's known for tropical beaches, opulent royal palaces, ancient ruins and ornate temples displaying figures of Buddha. In Bangkok, the capital, an ultramodern cityscape rises next to quiet canalside communities and the iconic temples of Wat Arun, Wat Pho and the Emerald Buddha Temple (Wat Phra Kaew). Nearby beach resorts include bustling Pattaya and fashionable Hua Hin.

About 90 percent of the people are Buddhist, but about three million Muslims live in the south near the border with Malaysia.

Thai children go to elementary school for six years. Then they may attend high school for another six years, but their families must pay for the education. Boys begin military training in ninth grade.

Food in Thailand is influenced by Chinese and Indian cultures. Most Thai dishes are spicy and many common dishes include hot chilies, lemongrass, basil, ginger, and coconut milk.

Thai farmers cultivate mulberry trees that feed silkworms. The worms create silk, which is made into beautiful silk clothing in Thailand, France, and the United States.

Bangkok is called the Venice of the East because there are 83 canals. As many as 10,000 boats full of fruits, vegetables, and fish crowd the canals and create a floating market.

The city of Bangkok is home to many impressive Buddhist structures featuring gold-layered spires, graceful pagodas, and giant Buddha statues.
