International Conference on
Wound Care, Tissue Repair and Regenerative Medicine

January 30-31, 2019 | Tokyo, Japan

Theme:

Advanced technologies in wound care and tissue repair

- **3** Days Of Scientific Exchange
- **30+** Scientific Sessions
- **80+** International Expert Faculty Members
- **150+** Healthcare Professionals
- **20+** Exhibitors

Invitation

Dear Attendees,

We are glad to announce the **International Conference on Wound Care, Tissue Repair and Regenerative Medicine** to be held in **Tokyo, Japan** on **January 30-31, 2019** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Wound Care Congress 2019** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of In^{te}rnational Conference on Wound Care, Tissue Repair and Regenerative Medicine. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. In^{te}rnational Conference on Wound Care, Tissue Repair and Regenerative Medicine amid January 30-31, 2019 at Tokyo, Japan. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Wound Care Congress 2019

Wound Care Congress 2019

About Us

3 Days Of Scientific Exchange

30+ Scientific Sessions

80+ International Expert Faculty Members

150+ Healthcare Professionals

20+ Exhibitors

B2B Meetings

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes facebook
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues: All accepted abstracts will be published in respective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by Crossref

About Conferences

Wound Care 2019 is an event designed for the renowned experts working in the field of wound Care, Nursing, Infectious diseases, Public health, Nutrition, Diabetes, Oncology and more. It aims at bringing the Wound care specialists, Physicians, Pharmacologists, Academic Researchers, Surgeons, Nurses, Diabetologists, Nutritionists, Oncologists, Psychologists and other experts working in the related area of wound care to share their experience at the global platform for the well-being of the patients. Wound Care-2019 will focus on the Advanced Techniques, Case studies, Cure, prevention and research experience done in the related area of wound care and nursing. This eminent gathering will learn about the latest wound care research and advanced studies to improvise drugs to treat various complex and chronic wounds and associated infections to support practice.

Wound Care Congress 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Wound Care, Tissue Repair and Regenerative Medicine, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

B2B Meetings

About Conferences

Objectives

After participating in this meeting, attendees should be able to
Discuss emerging issues in Wound Care, Tissue Repair and Regenerative Medicine
Discuss and apply recent research findings related to Wound Care, Tissue Repair and Regenerative Medicine
Reflect on the place of critical distance in Wound Care, Tissue Repair and Regenerative Medicine

Who should attend?

Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Physics Societies and the people Associated, Nobel laureates in Optics, laser and Laser , Physicists , Optics Professionals, Laser Professionals, Photonics Professionals, Optics and Laser companies, Optics Laboratories and Technicians , Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

Conference Sessions

- Modern wound care
- Wound Care Facts
- Tissue repair
- Repair and regeneration
- Regenerative Medicine
- Advances in Wound Care and regenerative Medicine in Cutaneous Wound Healing
- Tissue engineering
- Cell and organ regeneration
- Current Applications of Tissue Engineering in Biomedicine
- Regenerative Medicine process
- Regenerative medicine: Clinical applications and future perspectives
- Tissue culture and preservation
- Biomaterials in tissue engineering
- Stem cell in Tissue repair
- Regeneration and rehabilitation

About Tokyo

Tokyo, the capital town of Japan and also the world's most thickly settled metropolis is additionally one in all Japan's forty seven prefectures, consisting of twenty three city center wards and multiple cities, towns and villages west of town centre. The Izu and Ogasawara Islands are a part of Tokyo. Tokyo was erst referred to as Edo, a little castle city within the sixteenth century. It formally became the capital when Emperor Meiji moved his seat to town from the previous capital of metropolis in 1868 once it absolutely was renamed to Tokyo. Tokyo's urban landscape consists primarily of recent and contemporary design proof to its ruination when the Great Kantō earthquake in 1923 and later the intensive firebombing in World War II. Its several internationally illustrious varieties of trendy design include Tokyo International Forum, Asahi Beer Hall, Mode Gakuen Cocoon Tower, NTT Docomo Yoyogi Building and Rainbow Bridge. Tokyo additionally features 2 distinctive towers: Tokyo Tower and also the new Tokyo Skytree, the tallest tower in Japan and also the second tallest structure within the world after the Burj Khalifa in Dubai.
