Dear Attendees,

It is our great pleasure to welcome you to the "11th International Conference on Advances in Skin, Wound Care and Tissue Science" which is going to be held on November 24-25, 2021 | London, UK. This conference is focusing on the theme "Future advancements and strategies in Wound Healing and Tissue Engineering Healthcare Management". Wound healing conference will unite Wound Care Researchers and professionals from in excess of 40 countries to share their insight, experience and ability through a progression of Key Notes, Plenary Talks, Workshops, Symposiums and Exhibitions. Advances skin and wound consideration meeting group of spectators are normal from wide trains which incorporates however not constrained to Wound consideration authorities, Physicians, Pharmacologists, Academic Researchers, Surgeons, Nurses, Diabetologists, Nutritionists, Oncologists, Psychologists and different specialists working in the related region of twisted consideration to share their involvement with the worldwide stage for the prosperity of patients.

Call for proposals are open for oral papers, panel discussions, exhibition, workshops, and posters across the list of tracks highlighted in our website and on other topics which are not listed but also we will welcome if they meet the objectives of the meet. Hoping and expect to meet at IAWTS 2020 theme to inspire the number of research and look forward to discussing ideas, findings in this International Academic Forum. We hope to see you at London this November 2021.

Sincerely,

Wound Care Europe 2021
Organizing Committee.

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be
published inrespective Conference Series llc LTD Journals
Each abstract will be provided with digital Object Identifier by Crossref

About Conference

We are pleased to invite all to the "10th International Conference on Advances in Skin, Wound Care and Tissue Science" which will take place on October 14-15, 2020 in Zürich, Switzerland. Wound healing conference will unite Wound Care Researchers and professionals from in excess of 40 countries to share their insight, experience and ability through a progression of Key Notes, Plenary Talks, Workshops, Symposiums and Exhibitions. Advances skin and wound consideration meeting group of spectators are normal from wide trains which incorporates however not constrained to Wound consideration authorities, Physicians, Pharmacologists, Academic Researchers, Surgeons, Nurses, Diabetologists, Nutritionists, Oncologists, Psychologists and different specialists working in the related region of twisted consideration to share their involvement with the worldwide stage for the prosperity of patients..

Wound Care Europe 2021 Salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- Young Scientist Award recongination certificate and memento to the winners.
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field.

B2B Meetings

Wound Care Europe 2021

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Medical Imaging and Clinical Research
- Discuss and apply recent research findings related to Medical Imaging and Clinical Research
- Reflect on the place of critical distance in Medical Imaging and Clinical Research

Who should attend

Wound management is a dynamic and evolving area of practice in health care today. Wounds present complex challenges and pivotal opportunities for multidisciplinary teams to collaborate and improve the health status of patients. This conference addresses current scientific, clinical and professional practice issues across care settings related to acute and chronic wounds including evidence-based and multidisciplinary strategies for assessing and intervening to achieve successful outcomes. Teaching methods include lecture, discussion and case studies.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

Major Sessions

- Skin and Wound care
- Advances in Skin & Wound Care
- Anti-Aging Skin Care
- Wounds and Pain Management
- Wound care and practices
- Skin and Nutrition
- Wound Care and patient management
- Skin and Skin Cancer
- Skin and Ayurveda
- Wound Care and Nursing
- Skin and Laser Technologies
- Wound, Ostomy and Continence Nursing
- Stem cells and Tissue Regeneration
- Skin Diseases Education
- Skin and Cosmetic Dermatology
- Diabetic Wound Care
- Wound Healing and Tissue Repair
- Critical care
- Pediatric Wound Care
- Skin Infections and Disorders

About London

London is situated in southeastern England, lying astride the River Thames some 50 miles (80 km) upstream from its estuary on the North Sea. In satellite photographs the metropolis can be seen to sit compactly in a Green Belt of open land, with its principal ring highway (the M25 motorway) threaded around it at a radius of about 20 miles (30 km) from the city centre. The growth of the built-up area was halted by strict town planning controls in the mid-1950s. Its physical limits more or less correspond to the administrative and statistical boundaries separating the metropolitan county of Greater London from the “home counties” of Kent, Surrey, and Berkshire (in clockwise order) to the south of the river and Buckinghamshire, Hertfordshire, and Essex to the north. The historic counties of Kent, Hertfordshire, and Essex extend in area beyond the current administrative counties with the same names to include substantial parts of the metropolitan county of Greater London, which was formed in 1965. Most of Greater London south of the Thames belongs to the historic county of Surrey, while most of Greater London north of the Thames belongs historically to the county of Middlesex. The top 10 most visited attractions were The British Museum, The National Gallery, The Natural History Museum (South Kensington), The Southbank Centre, Tate Modern, The Victoria and Albert Museum (South Kensington), The Science Museum, Somerset House, The Tower of London, The National Portrait Gallery.
