Bali, Indonesia

Bali, the famous Island of the Gods, this is one of the world's most popular island termini and one which progressively wins travel awards. With its varied landscape of hills and mountains, rocky coastlines and sandy beaches, luxurious rice terraces and barren volcanic hillsides all providing a attractive background to its colourful, deeply mystical and unique culture, risks a serious claim to be heaven on earth. It is known for its woody volcanic mountains, iconic rice paddies, beaches and coral reefs. The island is home to religious sites such as Cliffside Uluwatu Temple. Bali is a popular tourist terminus, which has seen a significant rise in tourists since the 1980s. Tourism-related business makes up 80% of its economy. It is famous for its highly developed arts, including traditional and modern dance, statue, painting, leather, metal working, and music. 'Paradise on Earth' and the 'Island of the Gods' are just not simply the names given to Bali, these names personify the beauty of Bali. Bali never ceases to charm with its diverse natural treasures. Trip to Bali can be filled with culture, nature, art, the mystical or, even better, all of these. Bali received the Best Island award from Travel and Freedom in 2010.
