Invitation...

Dear Colleagues,

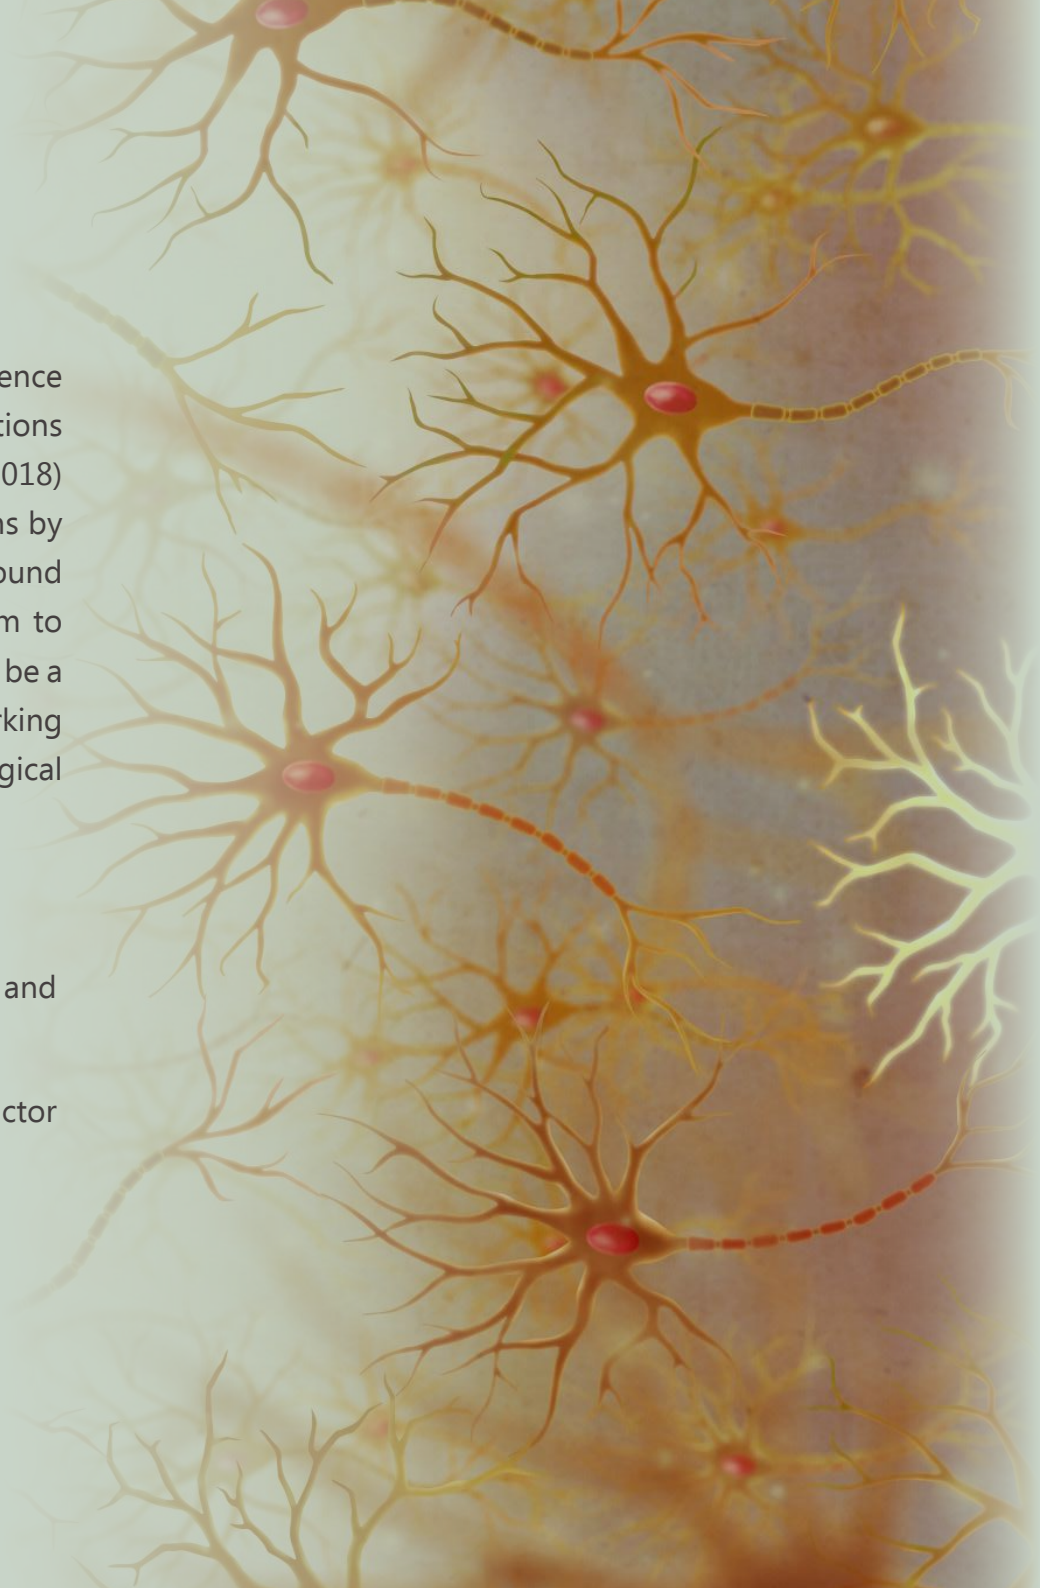

Conference Series llc LTD LLC welcomes you to attend 18th Global Neuroscience Conference held during November 16-17, 2018 at Tokyo, with the theme "Ameliorations in Technologies and Treatments". This international meet (Neuroscience 2018) anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current advancements involved in Neuroscience. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world class Neuroscience and Neurological Disorders.

Neuroscience 2018

- Opportunity to attend the presentations delivered by eminent scientists and business professionals from all over the world.

- Selected contributions will be published in following reputed high impact factor Journals.

  ☞ Journal of Neurology and Neuroscience
  ☞ Journal of Neuroscience and clinical research
  ☞ Journal of Neurology and Neurophysiology

Conference Sessions:

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Neuroscience are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- Neurology
- Neurons
- Neurological disorders
- Central Nervous System
- Spine and Spinal Disorders
- Neuro-Degenerative Disorders
- Pediatric Neurology
- Neuro Epigenetics
- Neuro Oncology
- Clinical Neurology
- Dementia
- Parkinson's Disease
- Spinal Bulber Muscular Atrophy (SBMA)
- Neuronal Development and Regeneration
- Molecular and cellular Neurobiology
- Neurogenomics
- Neuropsychiatry and Behavioral Science
- Diagnosis and Imaging Techniques
- Neuro-chemistry
- Nursing and Neuroscience
- Neurosurgery
- Pharmaceuticals and Therapies
- Clinical Trails & Case Reports

Important Dates:

ABSTRACT SUBMISSION OPENS: DECEMBER 01, 2017

REGISTRATION OPENS: DECEMBER 01, 2017

EARLY BIRD REGISTRATION: OPEN

ON SPOT REGISTRATION: NOVEMBER 16, 2018

Speaker Slots Available

NOTE: Program Schedule is subject to change with final allotment of the speaker slots

Program at Glance

Day-01 November 16, 2018

Time	Session
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	Group Photo
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Neurology | Neurons | Neurological disorders
13:00-13:45	Lunch Break**
13:45-16:00	Central Nervous System | Spine and Spinal Disorders | Neuro-Degenerative Disorders
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Pediatric Neurology | Neuro Epigenetics | Neuro Oncology
	Day Concludes

Day-02 November 17, 2018

Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Clinical Neurology | Dementia | Parkinson's Disease | Clinical | Trails & Case Reports
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Spinal Bulber Muscular Atrophy (SBMA) | Neuronal Development and Regeneration | Pharmaceuticals and Therapies
13:00-13:45	Lunch Break**
13:45-16:00	Molecular and cellular Neurobiology | Neurogenomics | Neurosurgery
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Neuropsychiatry and Behavioral Science | Diagnosis and Imaging Techniques | Neuro-chemistry | Nursing and Neuroscience
	Day Concludes
	Award Ceremony
	Confetrece Concludes

City Attractions

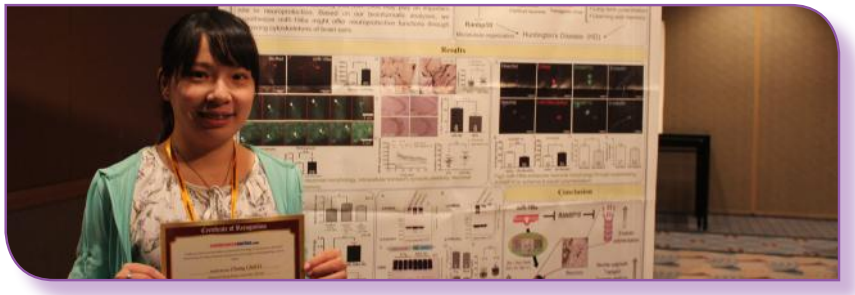

Past Glances

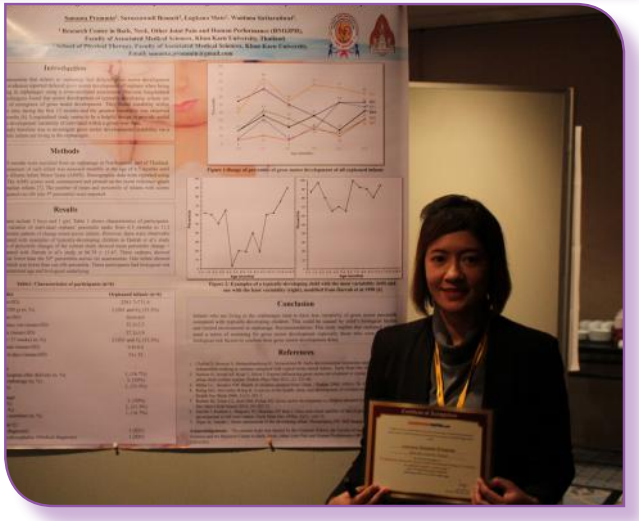

Venue

Tokyo is Japan's capital and the world's most populous metropolis. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. It has neon, skyscrapers, salaryman crowds, packed trains, cutting-edge architecture and futuristic technology. But it also has ancient shrines, plant-covered wooden houses, cycling grannies, old-school sweet shops and village-like lanes.

Tokyo is a nirvana for foodies, and has the world's highest volume of Michelin stars in a city. Shopping is another highlight – it's worth bringing an empty suitcase to fill with hard-to-resist gadgets, trendsetting garments and treasures from craft and design stores. And now there's another reason to visit: the 2020 summer Olympics will take place in Tokyo. As a result, not only is the mood refreshingly upbeat, but a raft of new developments, hotels and infrastructure upgrades are in the pipeline.

With more than 12.5 million residents to entertain, Tokyo has a lot going on. Boasting the Tokyo National Museum, the National Museum of Nature and Science, the Ueno Zoo, and the sprawling green space, Ueno Park are the special places to visit in Tokyo. Edo-Tokyo Museum and the Imperial Palace resembles the history of Tokyo. And no trip here would be complete without visiting some of Tokyo's Buddhist and Shinto sites like the Sensoji Temple and the Meiji Shrine.
