About Yokohama

Yokohama is Japan's 2nd biggest city with a population of over 3 million, it's far a chief component of the Tokyo-Yokohama metropolitan vicinity, the biggest city agglomeration in Japan. Yokohama is positioned less than half an hour south of Tokyo by means of train and is the capital of Kanagawa Prefecture. It is a chief business hub of the Greater Tokyo Area. Yokohama, is the primary harbor metropolis brought to the world as the entrance to Japan. Since the time its port changed into opened, a lot of the Tokyo-Yokohama metropolitan place's heavy manufacturing is concentrated there, consisting of shipbuilding and the production of chemical compounds, machinery, primary metals, petroleum merchandise, vehicles, and fabricated steel items. The port of Yokohama, one of the most important in Japan, handles imports of raw substances for the encompassing commercial region and a wide range of exports. Yokohama's commercial enterprise district, containing many important banks and other companies, is focused around the port. The total population of Yokohama is 3.7 million people, making the city the second largest after Tokyo's 23 Wards. Yokohama is a town of goals for each Japanese person in addition to its local residents who're very pleased with dwelling here as it isn't handiest very famous as a traveler mecca, but additionally has each city feature along with, but not restrained to, business and way of life. Many accommodations and branch shops are placed on this vicinity, particularly the west go out vicinity a mega terminal wherein many subway and train traces are connected. Among countless Chinatowns all around the international, Yokohama Chinatown is one in every of the most important and the quality with as many as approximately 500 Chinese eating places, Chinese grocery shops and lots of different shops. Yokohama's energetic cultural existence is greater by means of its many public and private universities.
