6th World Congress on

Physical and Theoretical Chemistry

November 07- 08, 2018 Singapore

Day-01 November 07, 2018	
Time	Session
08:30-09:30	Registrations
09:30-11:00	Keynote Forum
11:00-11:20	Group Photo & Network & Refreshments Break*
11.20-13.00	Thermochemistry | Chemical kinetics | Electrochemistry
13:00-13:45	Lunch Break**
13:45-16:00	Photochemistry | Computational chemistry
16:00-16:15	Network & Refreshments Break*
16:15-17:00	Materials science

Day Concludes

Day-02 November 08, 2018	
Time	Session
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
11:00-11:20	Group Photo & Network & Refreshments Break*
11:20-13:00	Quantum chemistry | Surface science | Solid-state chemistry
13:00-13:45	Lunch Break**
13:45-16:00	Spectroscopy | Biophysical chemistry
16:00-16:15	Network & Refreshments Break*
16:15-17:00	Biophysical Techniques
17:00-18:00	Poster Presentations

Glimpses of Physical Chemistry Conferences

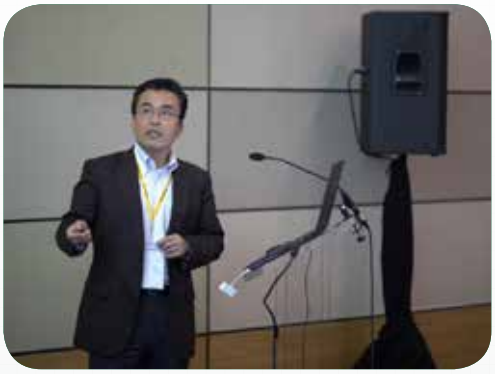

Glimpses of Physical Chemistry Conferences

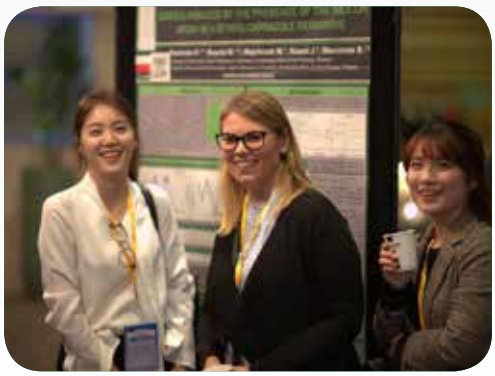

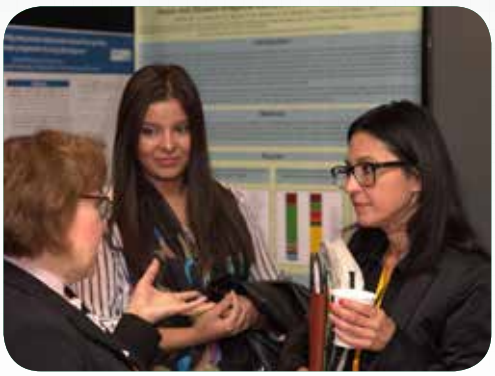

Major Scientific Sessions

- Thermochemistry
- Chemical kinetics
- Electrochemistry
- Photochemistry
- Computational chemistry
- Materials science
- Quantum chemistry
- Surface science
- Solid-state chemistry
- Spectroscopy
- Biophysical chemistry
- Biophysical Techniques

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

About Singapore

Singapore, officially the Republic of Singapore, sometimes referred to as the Lion City, the Garden City or the Little Red Dot, is a sovereign city-state in Southeast Asia. Though physically small, Singapore is an economic giant. It has been Southeast Asia's most modern city for over a century. The city blends Malay, Chinese, Arab, Indian and English cultures and religions. Its unique ethnic tapestry affords visitors a wide array of sightseeing and culinary opportunities from which to choose. A full calendar of traditional festivals and holidays celebrated throughout the year adds to its cultural appeal. In addition, Singapore offers luxury hotels, delectable cuisine and great shopping. In the city, there is no need for a car. Public transportation is excellent, and walking is a good way to explore the city. All major attractions are also accessible by tour bus. Since the city is only 60 miles (100k) from the equator, the tropical temperatures do not very much. Rainfall is evenly distributed through the year. No matter when you choose to visit, warm weather will be abundantly available. The visitor is struck immediately by Singapore's abundance of parks, nature reserves, and lush, tropical greenery.

North of the city are two nature preserves, Bukit Timah and the Central Catchment Area, along with the splendid Singapore Zoological Gardens. The east coast features good seafood restaurants set on long stretches of sandy beach. In addition, there are over fifty islands and islets within Singaporean waters, all of which can be reached with varying degrees of ease. Day trips are popular to Sentosa, the island amusement arcade which is linked to the south coast by a short causeway and cable car
