About OMICS Group

OMICS Group is an amalgamation of Open Access Publications and worldwide international science conferences and events. Established in the year 2007 with the sole aim of making the information on Sciences and technology 'Open Access', OMICS Group publishes 500 online open access scholarly journals in all aspects of Science, Engineering, Management and Technology journals. OMICS Group has been instrumental in taking the knowledge on Science & technology to the doorsteps of ordinary men and women. Research Scholars, Students, Libraries, Educational Institutions, Research centers and the industry are main stakeholders that benefitted greatly from this knowledge dissemination. OMICS Group also organizes 500 International conferences annually across the globe, where knowledge transfer takes place through debates, round table discussions, poster presentations, workshops, symposia and exhibitions.

OMICS International Conferences

OMICS International is a pioneer and leading science event organizer, which publishes around 500 open access journals and conducts over 500 Medical, Clinical, Engineering, Life Sciences, Pharma scientific conferences all over the globe annually with the support of more than 1000 scientific associations and 30,000 editorial board members and 3.5 million followers to its credit.

OMICS Group has organized 500 conferences, workshops and national symposiums across the major cities including San Francisco, Las Vegas, San Antonio, Omaha, Orlando, Raleigh, Santa Clara, Chicago, Philadelphia, Baltimore, United Kingdom, Valencia, Dubai, Beijing, Hyderabad, Bengaluru and Mumbai.

New Generation RF Technology

Treatments & Benefits for Patients & your Bottom Line

Continuing Education

Institute Rejuvee™ offers professionals Certification hands-on workshops & **on-line training**

Our students become proficient in:

- **Three Polar RF-I & RF- II-Level**
- **Q-Polar RF**
- **PDT Light Therapy**
- **Ultrasound Cavitation RF**
- **Mesotherapy RF**
- **Electrotherapy**
- **RF Electrocoagulation**

Location:
New York City

The Rejuvee™ Institute offers quality training since 2012

Certification for:

Cosmetologist

Estheticians

Massage therapist

RN's & other Medical professionals

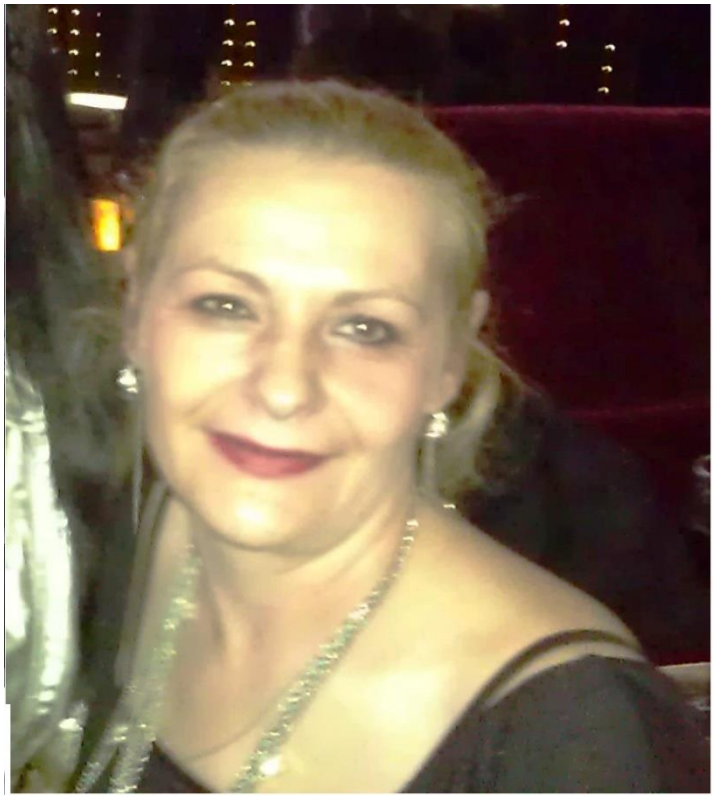

Spanish & English

- **RF-Technology training NOW AVAILABLE IN SPANISH!**
- **For most popular classes:**
- **RF – First Level & RF- Second Level**
- **Ultrasound Cavitation RF**
- **PDT Light Therapy**
- **www.rejuvee.com can be read in both languages English / Spanish**

New Generation Technology

What is RF Technology?

- Non-invasive methods of facial and body rejuvenation
- Effective ways to increase skin laxity without downtime
- Minimal recovery but high level of safety with aesthetic RF treatments

Applications of RF

- Ultrasound Cavitation RF
- Three Polar RF
- Q-Polar RF
- Mesotherapy RF
- Electrocoagulation RF

Ultrasound Cavitation RF

-Ultrasonic Cavitation Technology **concentrated sonic energy** to localized treatment areas

-**Breakdown fat** cell membrane

-The fat is released into the **interstitial fluid between the cells**

-They are enzymatically metabolized to **glycerol and free fatty acids**

-Water-soluble **glycerol travels into the circulatory system**

-**Free fatty acids enter the liver**

Ultrasound Cavitaton RF

Before / After

Before / After

Ultrasound Cavitation RF

Reduction of cellulite & shaping the body

Shaping the body

Before / After Treatment

Results

- **Non-surgical** solution for local fat deposit reduction
- The results guarantee **a diameter loss of up to 2 cm in the area treated in each session**
- **Cellulite reduction and body shaping**
- **No pain**
- **No-Zero risk**

3rd Generation RF Technology

What is it?

-Applies three or more electrodes

-High frequency electric current under the skin

-Focused electric energy

- Without any active cooling

Treatments

- Selective heating of the fat cells increased rate of lipolysis
- Metabolic processes
- Dermal tightening is simultaneously achieved by the heating of collagen fibers in the extra cellular matrix
- The tightening effect is immediately
- Fibroblast proliferation, as well as long-term collagen remodeling

3rd Generation RF Technology

Before/After

After 2nd treatment

After 3er treatment

Before/After

Body Contouring

Before/After Treatments

Before/After Treatments

Results

- **Clinical safety**
- The treatments are **pleasant for all skin types**
- Immediate **face lifting** and instant reduction of **facial wrinkles** and **contours**
- Measurements depicts reduced **tummy** circumference by up to **9 cm**
- Long terms results include **cellulite, wrinkles** and **contours** improvement

Q-Polar RF Technology

RF Q–Polar is based on Active's BRF Technology
(Burst Repetition Frequency).

Combined with real–time

Q-Polar RF is designed to produce **skin-tightening**

Removes **unwanted fat and toxins**

Q-Polar RF Technology

10 minutes after the first treatment.

After Before
Qpolar RF with blue light

Body Contouring

Before /After First Treatment

ABDOMEN BEFORE TREATMENT AUG.2.2013 ABDOMEN AFTER FIRST TREATMENT QPOLAR RF WITH BLUE LIGHT

Before /After First Treatment

After the first treatment QPolar RF Before the treatment

Results

- **The treatment results are:**
  - Improvement of **wrinkles and expression lines**
  - **skin elasticity and texture**
  - **tissue flaccidity**

- In the long run, this technique will activate fibroblasts to produce new collagen fibers

- **The goal of skin tightening and rejuvenation is:**
  - Reshape the skin with no side effects on the Epidermis
  - Selective contraction of collagen by Dermal Heat
  - Enhancement of new collagen synthesis

Mesotherapy RF

-Needle free -Mesotherapy RF

-Without the assist of any injector

-Mesotherapy RF **transmit nutrients** into the inner membrane through AQP

-Bipolar RF energy can act on the deep dermis

-**Part of trichology treatment**

Mesotherapy RF

Before/After

Eyelids before the treatment

Eyelids after the second treatment with Mesotherapy RF

Mesotherapy RF in Trichology

Before/After treatment with stem cell

Hair & Scalp Problems

Results

All the benefits RF with those of active ingredients:Hyaluronic Acid, Centella Asiatica, Hydroxyproline, Skin Peptides, Vitamin C and many others

- **Mesotechnology RF** - **Facial rejuvenation**
- **Mesotherapy RF - sculpts the body**

  -specifically attacks the causes of **cellulite**

  –part of treatment in trichology

Electrocoagulation RF

RF Epilator - Electrocoagulation system

-A safe, non-invasive, effective treatment for embarrassing **skin blemishes**

-It is a means to quickly remove vascular lesions such as, cherry angiomas

-Spider veins, and skin tags found on the face and body

-This quick and simple treatment will not cause scarring or hyperpigmentation

Electrocoagulation RF

Before/After

Skin tags

Results

- **Electrocoagulation may be used to remove vascular blemishes such as:**
- **Broken Capillaries** (Telangiectasia)
- **Ruby points**
- **Spider Angioma**
- **Skin Tags**
- **Warts**

Newest Electrotherapy

-Microcurrent - or bioelectric therapy because it encourages cell physiology and growth

-Ionic exchanges across the cell membranes

-function: cell-to-cell communication

-nutrients from the blood

-essential for healthy cell

-removal of cellular waste

Newest Electrotherapy

Before/After

Electrotherapy with magic gloves

Results

- Promotes cell metabolism and tissue repair
  - ✔ Supports circulation – blood and lymph
  - ✔ Reduces inflammation
  - ✔ Diminishes lymphedema in cancer patients
  - ✔ Increase natural production of collagen and elastin
  - ✔ Support scar repair by dispersing scar tissue and collagen remodeling
  - ✔ Increase protein synthesis, gluconeogenesis (GNG) and membrane transport.
  - ✔ Reeducate and rejuvenate muscle tissue
  - ✔ Supports healing of bone
  - ✔ Heals skin ulcerations
  - ✔ Used in equine medicine

PDT –LIGHT – PHOTODYNAMIC THERAPY

PDT is the photon-induced stimulation of **porphyrin**, compounds used in the production of **hemoglobin**

-**porphyrin moves into a higher energy state**, reacts with oxygen

- The **central nervous system triggers whole-body metabolism, cellular exchange of nutrients and other products of metabolism**

PDT-LIGHT-PHOTODYNAMIC THERAPY

FOR ACNE TREATMENT
BEFORE/AFTER

POST-OPERATIVE INFECTIONS

PDT-PART OF TRICHOLOGY

BEFORE

AFTER

INDICATIONS IN COSMETICS AND MEDICINE

- ACNE
- BURNS
- CUTS
- SCRATCHES
- ECZEMA
- HERPES
- BRUISES
- POST-OPERATIVE INFECTIONS
- HAEMATOMAS
- SOFT-TISSUE SPRAINS
- NECK AND BACK INJURIES
- SMALL-BONE FRACTURES
- ACUTE AND CHRONIC PAIN
- JOINT TREATMENT
- TRICHOLOGY

Newest Technology

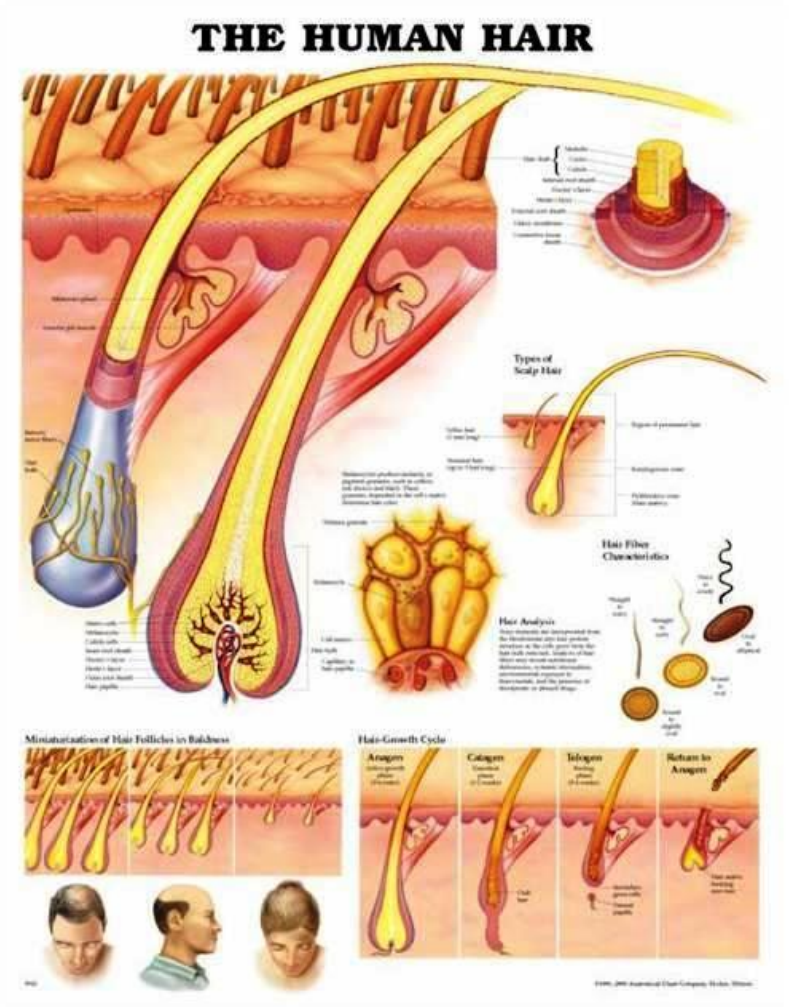

- **Treatments should not take place during:**
  1. Menstruation
  2. Pregnancy
  3. Breastfeeding

- **Do not give treatments to a client with:**
  1. A malignant tumor in the body
  2. Pacemaker
  3. Metal implants of any kind

WHAT IS TRICHOLOGY?

-Is the para-medical science of the hair, hair loss and associated scalp problems

-**Trichology** is perceived as the “bridge between cosmetology and dermatology”

What is a trichologist?

-Is a hair and scalp specialist

-suggests individualized treatments

-gives nutritional advice

-recommends lifestyle changes

-works with physician associated with your hair loss

-advises the best treatment regimen

Newest Technology for hair & scalp problems

- Analyzing hair & scalp problem
- Consultation with physician
- Regimen treatment
- PDT – Therapy
- Mesotherapy RF
- Home care

THE SPA ENCYCLOPEDIA

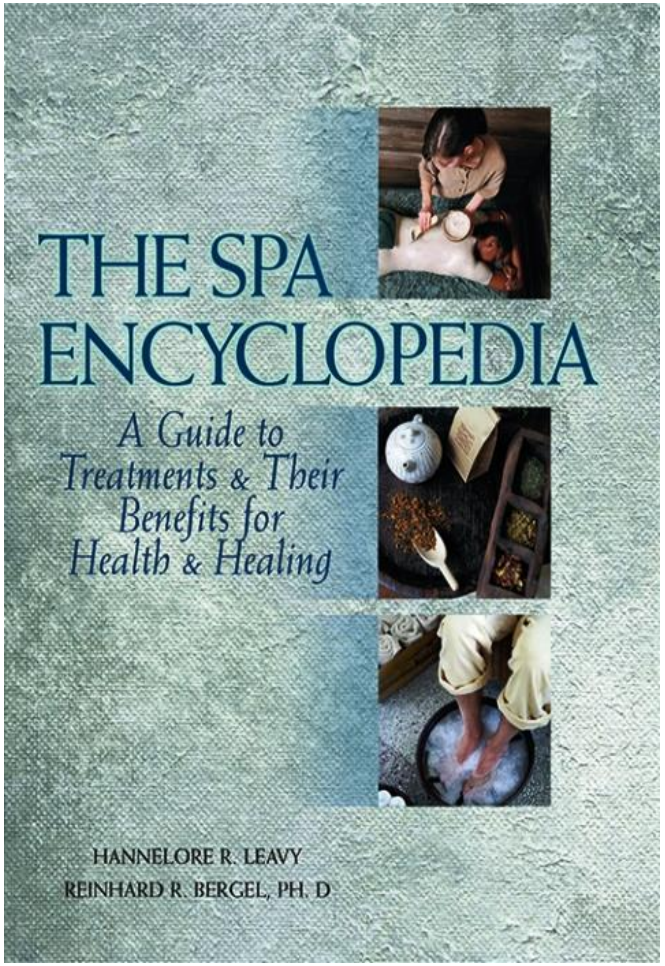

The first & only book that explains over 70 spa treatments, their benefits and therapeutic powers for specific conditions.

This book examines the different types of spas - destination, resort, and day spas -- and explains exactly what visitors should expect from each. The role of physicians and medical specialties in a "medical spa" are included, as well as an ongoing maintenance regimes.

This book reveals the spa world and benefits it offers. It also helps spa technicians, owners, managers, and health care professionals as well as physicians determine how best to help their clients, guests, and patients.

16-page, illustrated reference section, explaining each treatment - what happens during each treatment, which ailment or condition it is intended for, what the benefits are, and what are the counter-indications.

An appendix cross-references each treatment by ailments/conditions for easy searches.
