Heartiest Greetings from OMICS Group!

OMICS Group poises as one of the World Class Open Access publisher and a scientific event organizer; understanding the right to knowledge is universal and striving evenly for advancement of science and technology, with its sole mission to create a forum of making the healthcare and scientific information Open Access.

With great pride and honor we are hosting the **4th World Congress on Diabetes & Metabolism**, conjointly with multifarious exemplary external scientific associations, observing researchers from around the globe. The event is scheduled during **August 14-16, 2013** at **Holiday Inn Chicago-Northshore, IL, USA.**

OMICS Group is currently engaged in publishing more than 250 Open Access Journals, with the support of our excellent editorial board members exceeding 20,000 in number. We proudly hold reviewers team of over 25,000, and more than 2 Million as Readers. We are actively involved in organizing 80 International Conferences in 2013 with the support from over 2,500 dedicated Organizing Committee Members.

We take this opportunity to invite your University for scientific collaboration with us at this premier event. It will be a glad fortuity on our part to conduct a workshop or symposium on behalf of your University, emblazoning your research and other exclusive endeavors at our conference or at your University. This initiative is intended to be an open forum for sharing thoughts and ideas of mutual concern and interest. Thus, OMICS Group is delighted to sponsor food & beverage or travel requirements to invited guests for the same.

OMICS Group cordially invites your colleagues to deliver presentations on theme ***To Translate and Harness the Novel Therapies in Diabetes*** at this event. Through this letter we take this opportunity to encourage students and scholars of your University to participate with a minimal cost in our event to get benefited and be exposed to the latest research work presented at the conference. We also welcome poster presentations from the student community.

Your contributions will enrich the program through enhancing the diversity of perspectives and content represented. We look forward for this association and we are sure that with this collaboration we will be able to assist the scientific community in ample.

With Best Wishes,

Gedela S. Babu, Ph.D.
