Systematic and Knowledge-Based Invention in Science and Industry - 1;

Context and Problematics

Ali Taheri

In consultation with Prof. **Denis Cavallucci**

International Conference on
Chemical Engineering
September 12-14, 2016 Phoenix, Arizona , USA

Related to the DEFI project labeled by " The Vehicle of the Future" November 28, 2008
Funded by the "Alsace Regional Council" and European Regional Development Fund"

INSTITUT NATIONAL DES SCIENCES APPLIQUÉES STRASBOURG
LGECO-Design Engineering Laboratory

Outline

- Innovation as an Sustainable Advantage
- Research area and Research problematics
- Cognition Activities & Problem-Solving
- Intellectual Property and Patentability
- TRIZ: The Theory of Inventive Problem-solving
- Research Strategy and Contributions
