I am Wenhua Ran, Deputy chief physician, and Director of the department of general surgery in Chongqing Qianjiang Central Hospital. I graduated from the department of clinical medicine, Chongqing medical university in July 2006. From September 2010 to July 2013, I pursued a master degree in surgery in the clinical college of Chongqing medical university. I have been practicing in the clinic, teaching, and conducting scientific research in general surgery for 12 years. I have gained rich experience in the

standardized treatment of gastrointestinal tumors, abdominal hernia, and liver tumors. Notably, one study in colorectal cancer was awarded the first prize for scientific and technological progress in Qianjiang district in 2011. I also won the second prize in laparoscopic hernia surgery video competition of Chongqing in 2017 and 2018, respectively. I am currently studying at the Ancona United Hospital affiliated with the Marche University of Technology in Italy. I hope to have the opportunity to showcase the Chinese doctors' style

in Italy and promote China-Italy exchanges.
