Invitation

Welcome to Singapore, an island city-state off southern Malaysia, and experience the Current challenges and innovations in the field of Neurology & Neuroscience as never before. EuroSciCon is proud to host the 30th Edition on Neurology & Neuroscience Week on May 27-28, 2019 at Singapore. This year's theme is "Explore the Brain Storming Innovations in the field of Neurology and Neuroscience". 30th Neuro Week 2019 will provide an unprecedented opportunity for Neurologists and Neurology scientist to share their research with colleagues and discuss and debate the latest advances in the field. We invite Neurology scientists, Neurologists, research professors and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the 30th Neuro Week 2019 is the perfect venue not only to dive into your science and to expand the scope of your knowledge. tracks are devoted to subjects such as the Neuroscience, Central Nervous System, Neurophysiology and Pediatric Neurology, Geriatric Neurology, Neurological Disorders, Neurodegenerative Disorders, Neuromuscular Disorders, Neuropharmacology, Neuropsychiatry, Neuro-oncology, Neuroimmunology and their Neuroimaging etc.,

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Neurologists forum in person is your active participation.
